ACKNOWLEDGEMENTS

It gives me immense pleasure to express indebtedness and deep sense of gratitude to Dr. S.S. Nigam, M.Sc. (Alld.), Ph.D. (Saugar), Ph.D. (London), D.I.C., F.R.S.C., F.N.A.Sc., Retired Professor & Head, Department of Chemistry, University of Saugar, Sagar (M.P.), for his kind supervision, discussions and constant encouragement throughout the present investigation.

I am thankful to the Director, CFTRI, Mysore and CDRI, Lucknow for GLC and Spectroscopic Studies.

My grateful thanks are also due to Prof. (Dr.) A.V. Mahajani, Head, Department of Chemistry and Prof. (Dr.) R.K. Shrivastava, Head, Department of Physics and Dean, Faculty of Science, University of Saugar, Sagar (M.P.) for providing necessary laboratory facilities during the tenure of my research work.

I wish to express my sincere thanks to Dr. H.J. Sonker, Librarian, J.L. Nehru Library, University of Saugar, Sagar for providing all possible library facilities.

Last but not the least, my sincere thanks to Dr. V.K. Saxena, D.Sc., Asstt. Prof. in Chemistry and
Dr. P.C. Jain, Asstt. Prof. in Botany, University of Sagar, Sagar for time to time suggestions. My thanks are also extended to my all well wishers and colleagues.

Above all, grateful thanks are due to UGC for the award of Teacher Fellowship and to Education Department, Govt. of Madhya Pradesh for providing study leave to carry out the present investigation.

Personal debts are the most difficult to acknowledge in formal terms. Yet grateful mention must be made of my parents Shri & Smt. U.C. Shrivastava for giving the initiation to start the work and of my husband Dr. Ramakant Shrivastava, Asstt. Engineer under whose co-operation I could complete it.
