The work described in this thesis was carried out in the School of Biosciences, Mahatma Gandhi University, Kottayam. At the outset I wish to express my sincere and deep sense of gratitude to Dr. P. C. Ravindran, Reader in Microbiology, School of Biosciences, for his inspiring guidance and constant encouragement throughout the course of this work. I take this opportunity to mention the dedication and sincerity with which he helped me to carry out this investigation very successfully and fruitfully. It is my bounden duty to thank him for having shown such a great interest in all the stages of my work.

I am most grateful to Dr. Shankar Shashidhar, Director, School of Biosciences, for his academic inspiration, helpful advice and for providing all the facilities to carry out the work.

I am very thankful to Mr. Jyothis Mathew, Lecturer in Microbiology, School of Biosciences for his valuable suggestions. I also thank other members of the teaching staff, non-teaching staff, and research scholars for their sincere cooperation.

I would like to express my deep sense of gratitude to Hon. Vice Chancellor, Prof. V. N. Rajasekharan Pillai, Hon. Pro-Vice Chancellor Prof. V. L. Charlette, Registrar, Dr. M. C. Chacko, and Staff members of Mahatma Gandhi University, especially to Mr. Sajan Mathew, Mr. K. P. Joseph and Mrs. Mercy Thomas, for the valuable co-operation they have rendered to me for the submission of the thesis in time.

I extend my heartfelt thanks to Sr. Joel, Department of Microbiology, Medical Centre, Kottayam, and the authorities of Kumarakom Tourist Complex, Kottayam, for their cooperation and valuable assistance.

I am grateful to the librarian and staff members of the documentation section of Mahatma Gandhi University Library, Kottayam, library staff members of CIFFT, Kochi and Cochin University Library, South Kalamassery for extending all the possible help during this research programme.
I wish to place on record my deep indebtedness to my former Principals Prof. M. J. Thomas and Dr. C. K. Alexander Karakkal (presently Pro Vice Chancellor, Kannur University, Kannur) for motivating me to take up this higher academic pursuit. I also acknowledge with pleasure the wholehearted cooperation received from Prof. K. P. Joy, Principal of Basilius College and Hon. Director, School of Environmental Studies, Mahatma Gandhi University.

I wish to express my deep sense of gratitude to my respected teachers of University of Calicut, Dr. K. G. Adiyodi (former Vice Chancellor, Cochin University of Science and Technology and presently UPSC member, New Delhi), Dr. Rita G. Adiyodi, Dr. R. Vimala Nair, Dr. V. V. K. Mohammed, Dr. Abdul Rahman, Dr. D. N. Mathew, Dr. T. C. Narendran, Dr. M. A. Hag, Dr. Krishnan Nair and Dr. K. J. Joseph, who have been the real source of inspiration to maintain an ardent interest in research work throughout my academic pursuit.

Words cannot express my sincere gratitude to all my colleagues and friends, especially to Prof. C. A. Thomas, Mr. P. K. Alexander, Dr. Omana Philip, Dr. Varghese Leena, Mr. Jacob K. Mathew, Mr. Thomas Varghese, Mr. Prasad Thomas, Fr. P. G. James, Mr. E. J. John, Mr. Roy P. Joseph and Smt. J. Chellakutty, who stood by me throughout my endeavour.

I render my heartfelt thanks to my beloved husband Mr. Aloysius M. Sebastian, our children and our parents who have been a constant source of encouragement in the accomplishment of my task.

Above all, I bow my head before God Almighty for the never-ending blessings showered on me to carryout the work successfully.

My special thanks are due to M/s Copy Write, Ettumanoor, Kottayam, for the word processing and photocopying of this thesis.

Susan Panicker
