List of Tables and Figures

Tables
1. Showing the mean time-scores and mean error committed by CPZ and saline injected subjects 50
2. Showing the significance of the difference between the mean time scores of the CPZ and saline injected subjects by using DRT 51
3. Showing the significance of differences between the mean errors committed by the CPZ and saline injected subjects by using DRT 57

Figures
1. Chemical structure of chlorpromazine 44
2. Showing the mean time scores of the CPZ (0.65, 0.95, 1.25 mg/kg) and NaCl injected group 52
3. Showing the mean error committed by CPZ (0.65, 0.95, 1.25 mg/kg) and NaCl injected groups 56
