I feel immense pleasure to express my gratitude, regards and respect to my 'mother' who is first 'Guru' of my life, and who taught me to work hard with honesty and dedication. She always pushes and encourages me to do something challenging. The credit for all my achievements goes to her. I shall be indebted to her forever.

I also express my profound gratitude and indebtedness to my 'Guru', Dr. R.C. Agrawal for his expert, painstaking guidance, far-sightedness, undaunted strong will and his positive and simple approach to solve every kind of problems. I have been overwhelmed by his constant encouragements, extra-cares and affections throughout the tenure of my Ph. D. work. I am quite fortunate to have been associated with him. I would also like to express my thanks to his wife Mrs. Madhu Agrawal and the members of his family who have always encouraged and showered love and affection on me during the course of work.

The deep sense of gratitude and regards are also due to Prof. Suresh Chandra, Dept. of Physics, Banaras Hindu University, Varanasi, the pioneer in the field of Solid State Ionics in India and my 'Grand Guru'. He has always been an immense source of inspiration to me by his high level of academic advices.

I owe my deep regards and thanks to Dr. S. Bhushan, Head, School of Studies in Physics, Pt. Ravishankar Shukla University, Raipur, for extending me all the necessary facilities and help during my research work. He provided me with all the requisite facilities of the department.

I would also like to take this opportunity to express my gratefulness to my teachers, Prof. R.K. Thakur (Ex-Head S.O.S. in Physics, Ex-Vice-Chancellor, Pt. Ravishankar Shukla University Raipur), Prof. H.V. Tiwari (Head, S.O.S. in Electronics), Dr. A.K. Sapre, Dr. S.K. Pandey, Dr. D.K. Chakraborty for their encouragement and personal concern.

I would like to express my heartfelt thanks to each and every staff members of School of studies in Physics, School of studies in Chemistry and USIC, specially, Mr. A. Salam, Mr. P.R. Pachori, Mr. N.R. Dasia, Mr. B.K. Jethwa, Mr. K.P. Rathore, Mr. H.K. Pandey, Mr. Prabhat and Mr. H.S. Dhumendra, for their timely and requisite help to solve technical as well as other problems in the experimental work.

The assistance rendered for X-ray analysis and DSC studies from Dr. Amita Chandra (Physics Department, Chandigarha University), Dr. S.A. Hashmi and Dr. H.M. Upadhyay (NERIST, Itanagar), Dr. S.L. Agrawal and Dr. P.K. Shukla (Dept. of Phy. A.P.S. Univ. Rewa), the researchers from B.H.U.
group viz. Dr. B. Babuacharya, Dr. K. Pandey, Dr. N. Srivastava, Miss N. Laxmi, Miss Ritu Srivastava and RSIC-Nagpur, are gratefully acknowledged.

I feel indebted greatly, beyond words, to my senior colleagues Dr. Ravindra Kumar Gupta for his unfailing encouragement, co-operation and sense of concern to my research work. I am also thankful to other colleagues, seniors and friends specially, Dr. Ranveer Kumar (Physics Dept. Sagar University), Mr. M. I. Verma (Degree Girls College-Raipur), Mr. S. Thaker (Model Science College-Raipur), Dr. K.N. Mishra (B.I.T. Durg), Mr. Padmakar Parihar (IUCAA-Pune), Dr. Devendra Sahu, Mr. Parijat Thakur, Mr. Sudhanshu Barway, Miss Papri Dasgupta, Miss Mosumi Das, Mr. Santosh Tamboli and Mr. Dharmpal Miri (RIT Raipur), Mr. Shesh Narayan Verma, Mr. Mahendra Verma etc. for their immense affection, encouragement and direct/indirect helps, extended to me during the tenure of this research work.

I would like to express my special thanks to Dr. B.K. Sthapak (Director, RIT, Raipur), Dr. R.N. Baghel (H.O.D., Dept. of Phy., RIT, Raipur) and my colleagues for their direct and indirect helps in the process of completion of my Ph.D. work.

It is a real pleasure to acknowledge the co-operation extended by some of M. Sc. Students, specially Ku. Arti Verma, Mr. Amitraj Sharma (IIPR Ahmedabad), Mr. Vivek Agrawal (ISRO, Bangalore) and Mr. Yousuf Khan.

I specially acknowledge Dr. Vibhuti Roy and Dr. A.K. Verma (Wardens, Azad Hostel), and my Hostel mates specially, Mr. Laxmikant Sahu, Uma Shankar Sahu, amit Virulkar, Vivekanand Sharma, Sudhanshu Nayak, for their valuable co-operation in the completion of this thesis.

I would like to express especial thanks to my younger brother, Mr. Baldev Prasad Verma, to my sister, Ku. Jamuni Verma, and to my chum Mr. Hemant Kumar Sapaha, who looked after my mother during my absence for the completion of this work.

The financial assistance provided by MPCOST, Bhopal, in the form of fellowship through a minor research project (vide sanction No. p.86/92 dt. 16/12/94) and by Pt. Ravishankar Shukla University (No. 1457/Fin./Sch/1998 dt. 26/09/98) are gratefully acknowledged.

Finally, I would like to conclude my acknowledgement by expressing few words for the experimental studies in general and physics in particular, as: “Experiments never deceive, it is our judgement that sometimes deceives itself because it expects results that experiment refuses. We must consult experiments varying the circumstances until we have deduced reliable rules.”

(Mohan Lal Verma)
