Acknowledgement

It is matter of great satisfaction and pleasure to express my heartiest thanks and gratitude to my supervisor Dr. R.N. Yadava, Reader, Department of Chemistry, Dr. H.S. Nour University, Sagar (M.P.) for his keen interest, competent guidance, constructive discussion, valuable suggestions and affectionate encouragement during the period of my research work, which helped me to carry out the present investigations.

It is a pleasant privilege for me to express my sincere thanks to Prof. S.P. Banerjee Head Department of Chemistry, Dr. H.S. Nour University, Sagar (M.P.) for providing necessary laboratory facilities.

It is particular to acknowledge my privilege to Prof. V. K. Saxena Department of Chemistry, Dean Faculty of Science, Dr. H.S. Nour University, Sagar (M.P.) for his inspiration, valuable suggestions during my research work.

My special thanks goes to the Head RSC, CDR I Lucknow for providing various spectral analysis.

I feel highly obliged to Mrs. Neelam Saxena and Mrs. Sunila Yadava for their moral support and constant encouragement during my this work.

I also would like to express my great pleasure and thanks to my seniors and colleagues Dr. Deepak Barsaingya, Dr. Rajesh Singh, Dr. R.N. Sharma, Saurabh Kumar, P.K. Agarwal, D.N. Sharma, Prachi Tripathi, Saroj Yadav, Kavita Rathore, Sheetal Sodhi for extending their kind co-operation and needful advice during my research work.

I am also greatful to all my well wishers especially D.Srinath, E. Omprakash, S. Praveen Kumar, and P. Hemanth for their constant encouragement and ungrudging help in various forms during tenure of this work.

Finally I am indebted to my mother for her blessings, without which I could never have been able to complete this work.

K. Indrasena Reddy
