LIST OF APPENDICES

Title                                                                 Page

APPENDIX A: Copy of the Attitude Scale for the girl child. 49

APPENDIX B: Copy of the Attitude Scale for the parents. 51

APPENDIX C
Table I: Correlation between the attitude scores of girls (n=25) with X = test scores and Y = retest scores. 53

Table II: Correlation between the attitude scores of mothers (n=25) with X = test scores and Y = retest scores. 55

Table III: Correlation between the attitude scores of girls (n=25) and their peers (n=25) with X = girls' scores and Y = peers' scores. 56

Table IV: Correlation between the attitude scores of mothers (n=25) and their peers (n=25) with X = mothers' scores and Y = peers' scores. 57

APPENDIX D
Table V: Scores of urban girls on the Attitude Scale for the girl child. 59

Table VI: Scores of rural girls on the Attitude Scale for the girl child. 62

Table VII: Scores of urban mothers on the Attitude Scale for the parents. 65

Table VIII: Scores of rural mothers on the Attitude Scale for the parents. 68

APPENDIX E
Table IX: Calculation of F for scores of girl children (N=100) and mothers (N=100) from urban and rural areas. 72
APPENDIX F

Table X: Calculation of chi-square for frequencies of responses of girl children (N=100) and mothers (N=100) from urban and rural areas.

Table XI: Calculation of chi-square for frequencies of responses of urban girls (n=50) and rural girls (n=50).

Table XII: Calculation of chi-square for frequencies of responses of urban mothers (n=50) and rural mothers (n=50).

Table XIII: Calculation of chi-square for frequencies of responses of urban girls (n=50) and urban mothers (n=50).

Table XIV: Calculation of chi-square for frequencies of responses of rural girls (n=50) and rural mothers (n=50).
