ACKNOWLEDGEMENT

It is my proud privilege to express deep sense of gratitude and indebtedness to my Supervisor Dr. M.C. Saxena, Reader in the Department of Chemistry, University of Saugar for his kind guidance, continued encouragement and inspiration throughout the course of this work.

My respectful thanks are due to Professor C.S. Nigam, M.Sc. (Alla.), Ph.D. (Sagar), Ph.D. (London), D.I.C., F.R.I.C., F.N.A.Sc., head, Department of Chemistry, University of Saugar for providing necessary facilities. I express my sincere thanks to the Head, Department of Botany and to Dr. K.M. Waz (Reader in Botany) for kindly providing laboratory facilities for anti-bacterial and anti-fungal screening of the compounds.

Thanks are due to the Director, Central Drug Research Institute, Lucknow, Dr. Mityanand for providing facilities for micro-analysis and I.R. and electronic spectral measurements of the compounds.

I am thankful to Dr. B.N. Dhawan, Scientist incharge, Division of Pharmacology and Therapeutics and Dr. S.R. Das, Scientist incharge, Division of Microbiology, Central Drug Research Institute, Lucknow for extending facilities for pharmacological and amoebicidal studies. The author acknow
leges his thanks to Sri N.C. Rathore and Sri C. Shankar,
Senior Technicians, Division of Pharmacology (C.S.I.R.) for
their valuable suggestions and help.

My sincere thanks are due to Professor P.K. Singh,
Dean, Faculty of Science, Awadh University for kindly providing
library facilities for work related to the softness values
of the complexes.

I owe thankfulness to my senior researchers Dr. S.P.
Yadav and Dr. C.K. Shrivastava of A.L.A. College, Balrampur for
encouraging me to take up research work and for their general
help and inspiration.

Finally, I pay my best reverence to Mrs. & Mr. R.K.
Chachondia, and Mrs. & Mr. A.V. Vaid who have smilingly embraced
the obvious sufferings during the entire period of research to
bring me up.

Sagar,
October, 1979.
