"In beloved memory
of
my mother-in-law"
# CONTENTS

## CHAPTER ONE - INTRODUCTION

1. Theories of Complex Formation  
   Page 1 - 10
2. Survey of Literature  
   Page 11 - 27
3. Object of the Present Investigation  
   Page 28
4. Techniques used for the study of Complexes with details of Polarography  
   Page 29 - 52

## CHAPTER TWO - EXPERIMENTAL PART

1. Apparatus and Solution  
   Page 53 - 55
2. Experimental Data  
   Page 56 - 177
3. Figures  
   Page 178 - 240

## CHAPTER THREE - RESULTS AND DISCUSSION

1. Stability Constants and Explanation
   Part (a) : Rare earth complexes
   Part (b) : Transition metals complexes
   Page 257 - 273
2. Structures of Complexes  
   Page 273
3. Thermodynamic parameters  
   Page 274 - 281
4. Factors affecting on Stability Constants and Conclusion  
   Page 282 - 283
5. List of Publication of Papers.
