Professor and Head
Department of Chemistry

NATURAL PRODUCTS LABORATORY
DEPARTMENT OF CHEMISTRY
DOCTOR HARI SINGH GOVINDH GOUR VISHWVIDYALAYA
SAGAR (M.P.) 470 003 INDIA
2002
Dedicated to ...  
My Beloved Parents...  
A Few Lines for them  
When I was growing up  
I didn't always understand  
the reasons for the things you did...  
...But now I know that you were  
really teaching me important  
lessons about life.  
You showed me how to meet the  
world with courage and  
determination...  
...You taught me that life's greatest  
achievements mean nothing without  
the love and respect of others...
