Based on the concepts given in SECTION I and experiences discussed in SECTION II, this section makes a set of recommendations. The purpose of these recommendations is to ensure that NSS becomes an effective tool in the process of communitizing education. Chapter Nine suggests a few administrative measures which are in line with Organisation Development (OD) strategies. Chapter Ten suggests a model for the implementation of NSS which can result in better attainment of its professed goals, mainly by strengthening its relationship with communities around universities and colleges. These recommendations are addressed to the entire range of stakeholders in NSS, from the NSS volunteer to the Minister for HRD of the Govt. of India.
