Acknowledgements

It is my pleasure to thank my supervisor Dr. P.K. Suresh for his guidance, constant support and encouragement throughout my research. I am deeply indebted to him for bearing with even my silly doubts. Above all, working with him has helped me to be a better human being.

I thank Prof. C. Bansal, the Dean, School of Physics, for his support and for providing the necessary facilities to carry out my research successfully. I also thank former Deans, Prof. V. S. S. Sastry and Prof. Vipin Srivastava.

I am thankful to Prof. M. Sivakumar, the Doctoral committee member, for his valuable suggestions.

I acknowledge suggestions from Prof. Bindu A. Bambah, Dr. Rukmani Mohanta, Dr. E. Harikumar and special thanks to Dr. Suneel Singh for useful discussions. My sincere thanks goes to Prof. S. Chaturvedi, Prof. A.K. Kapoor, and Prof. P.K. Panigrahi for their inspiring teaching. I am grateful to Dr. P. Ananthalakshmi and Dr. S. Srinath for their suggestions.

I thank Mr. Abraham for his timely help on every occasion and for his nice smile and great service to us, students. I also thank K. Srinivas, Suresh babu, Ravishankar, Venkateswarlu, Aleemuddin, Chandrapal and other office staff members of the school.

It was a privilege to have seniors like Phani Murali Krishna, Premkiran, Manoj, Sree Ranjani, Rameshnaidu, Ajith who have always been inspiring, lively and I am thankful to them for the useful discussions on various issues during early days of my Ph.D.

Thanks to all my colleagues in the school Rizwan, Chaitanya, Juby,
Devaraj, Gnanavel, Suman Kalyan, Swaroop, Devendra, Sathish, Ramudu, Anil, Sudha, Shankaraiah, Sathish, Bari, Bheemalingam, Venkaiah, Sai Kiran Vadavalli, Sanjeev, K. Venkateswara Rao (JNTU) and Kamalalatha, who have made these years endurable. I am also thankful to my friends Veera Satyam, Satish, G.V. Hari Prasad, Vayunandana Reddy, Narayana Reddy, Anil kumar Goud, S.Suresh, Sudhakar, Sampath Kumar. I also thank Parthasarathy, Srinivas, S.N.Chari, Aruna and Gouri Sankar for their help in proof-reading of this thesis.

I thank my well wishers Prof. Anand Kumar, Prof. D. Krishna Rao, Dr. S.N.R, Kishore and Ramesh for their constant support and encouragement.

My heartfelt gratitude to my parents, brothers Ravi and his family and Suresh for the encouragement and moral support. I am thankful to my father-in-law, mother-in-law, brothers-in-law Madhu and his family and Murali. Thanks for the prayer support from Sinclair uncle, Swarna sister and her mother. I have no words to express my deep sense of gratitude to my beloved wife Hema who is always supportive and encouraged me for studies even at the time of difficulties. My son Vikky (Eight months) deserves special mention for being a source of joy and happiness and provided me the much needed respite during my hectic days of research.

I acknowledge the financial support from CSIR for awarding the DSRF fellowship, UGC for the Research fellowship for meritorious students and also the Revised scheme of fellowship, University of Hyderabad.

Above all, I feel it is my duty to acknowledge Sri. Raju Master who sowed in me the first seeds of knowledge.

Finally, I thank all who were directly or indirectly involved in preparing this thesis and those who have made every moment of my stay at the university a cherished memory.
