Acknowledgement

It is my privilege, on the occasion of presenting this thesis, to express my sincere thanks to my research guide Prof. Pratima Mathad, Department of Botany, Gulbarga University, Gulbarga for introducing me to this field of research. I am highly indebted for her inspiring guidance, discussion and suggestions. I am thankful to her valuable presence even in her busy schedule, which helped me to complete this work successfully.

I express my sincere thanks to Prof. G.M. Vidyasagar, Chairman, Department of Botany, Gulbarga University, Gulbarga for providing all the necessary facilities and support for my research work.

I am grateful to my respected teachers Prof. Srinath Rao, Prof. A.H. Rajasab, Prof. C. Narayana Reddy (Retd.), Prof. Y.N. Seetharam (Retd.) for their moral support and encouragement for my research work.

I immensely thank Prof. R.D. Mathad, Department of Physics, Gulbarga University, Gulbarga for his kind help and thoughtful discussions during the present investigations.

I express my heartfelt thanks to Prof. Liyaqat Ahamed, Department of Pharmacology, Luqman Pharmacy College, Gulbarga for providing laboratory facility and valuable suggestions to carry out the animal experiments.

I am thankful to Chairman, Department of Pathology, MRMC Medical College, Gulbarga for helping to carry out the histopathological work. I also thank the Director, Agricultural Research Station, Gulbarga for his kind help in providing us the pigeon pea varieties of seeds required for the present study.

I wish to offer my respectful thanks to Dr. Chanbasappa Hallahli, President of K.R.E Society, Bidar for permitting me to pursue Ph.D. and providing me the necessary facilities to carry out my research work. It is a pleasure for me to record the moral support and cooperation from my Lecturers Prof. M.S. Patil, Prof. S.V. Kalmath, Prof. D.G. Joshi, Prof. H.S. Patil, Prof. Umadevi, Prof. Abhaykumar, Prof. M.S. Reddy, Prof. Vijaykumar, Prof. Ganeshan and non-teaching staff Mr. Shashidar Patil and Mr. Siddram from Karnatak College Bidar, for their kind cooperation and help during the present study.
I also sincerely acknowledge the help of my seniors and research scholars Dr. Shaila Hiremath, Dr. Siddamallayya, Dr. Siddaling, Mr. Rajsamersen Modi, Mr. Anil Patil, Mrs. Joyti, Miss. Sunayya, Mrs. Umadevi, Mrs. Arati laddimath, Mrs. Syeda Gajala, Mr. Shivkumar Singh, Mr. Havageppa, Mr. Arjune, Miss. Kaveri, Miss. Sandhya, and Mrs. Pooja of Department of Botany and Mr. Vinod, Mrs. Asha Guru and Mr. Hanumanth Department of Biotechnology, Gulbarga University, Gulbarga who have helped me in many respects. I express my thanks to all my friends who helped me directly or indirectly in completing my research work.

It is very difficult to put in words the encouragement, love, unlimited patience, immense care and constant moral support provided to me by my father and mother, Sri. Hanumanthreddy and Smt. Savita Kalsanki, my sister Miss. Poornima and brother Mr. Prashantreddy.

I further thank my husband Shri. Shivnagouda Patil, my sweet daughter Sinchana Patil and my mother-in-law Smt. Gauramma Patil and my father-in-law Late Shree. Ayyangouda Patil for their encouragement and the moral support.

I would like to extend my thanks to the non-teaching staff of Department of Botany, Gulbarga University, Gulbarga for their help during the present study.

I am also grateful to Mr. M. B. Rajshekar M/s Suman Computers and Xerox, Jayanagar, Gulbarga for his neat and careful production of the copies of the thesis.
