Acknowledgement

First and foremost I am thankful to the almighty Lord Ganesha for all successes during this research work.

Certainly, it is difficult for me to express adequately love much I owe to my venerable supervisor Prof. V.K. Saxena, M.Sc., D.Phil. (Allahabad), D.Sc. (Sagar), F.I.C., Professor, Department of Chemistry, Dr. H.S. Gour University, Sagar (M.P.) for his very constructive and critical appraisal, step by step during my research work which has enabled me to bring out this thesis expeditiously. His encouragement, generosity and direction have been of immense help to me. I shall always remain indebted to him for this act for kindness.

I am also grateful to Prof. K.S. Pitre, Head, Department of Chemistry, Dr. H.S. Gour University, Sagar (M.P.) for the Co-operation received from him in various aspects, especially when it is related to provision of adequate research facilities.

I express my sincere gratitude to Prof. J.T. Rao, Ex-head, Department of Chemistry, Dr. H.S. Gour University, Sagar (M.P.) for encouragement and invaluable suggestions.

I am thankful to all the teaching and non-teaching staff members of the Department for their kind suggestion, guidance and co-operation extended during this work time to time.

My heartiest thanks are due to my beloved parents who not only supported me in completion of this research work, they are always extending their support in all the step of my life, specially in case of any difficulty faced by me.

Grateful thanks are due to Smt. Neelam Saxena, whose ever moral boosting nature created such atmosphere, which gave me courage to finish my work successfully.
My sincere thanks are due to Director, Centre Drug Research Institute (CDRI), Lucknow for the help in recording various spectrum.

I am immensely thankful to Prof. A.C. Rana, B.N. College of Pharmacy Udaipur for his guidance in performing anthelmintic screening of isolated compounds.

I acknowledge all the staff of this department for their wholehearted cooperation and help during the research work. I am also thankful to Librarian and staff of J.N. Library Dr. H.S. Gour University, Sagar (M.P.) for the co-operation.

I am also thankful to my seniors and coworkers Dr. Shalem Albert, Dr. Sosanna Albert, Dr. Prachi Saxena, Ms. Sandhya Rajpoor, Mrs. Swati Shrivastava, Miss. Aparajita Gautam and Mr. Santosh Prabhakar who lent a helping hand and co-operation in the completion of the thesis.

I would be failing in my duty if I do not acknowledge my elder brother Dr. Sushil Shukla and Bhabhi Dr. Bhavna Shukla and elder sister Dr. Smt. Mamta Mishra and Jiji Mr. Sashi Shekhar Mishra whose love, unforgettable co-operation, persistent encouragement, moral support and prayers have always been a source of inspiration to me.

I am also thankful to Mr. Neel Ratan Patra, Gautam Bera for timely and systematic typing of manuscripts and designing of the thesis to give the present shape of thesis.

I find no words to adequately express my thanks to Mrs. and Mr. S.C. Mishra, and all of them who directly or indirectly extended their support to complete this work.

Mrityunjai Shukla
