ACKNOWLEDGEMENT

I would start by thanking the Almighty for His will and blessings.

I would at the outset like to express my deep sense of gratitude towards my revered guide, Prof. S.P. Agarwal whose valuable guidance and objective criticism aptly toned by laboratory pursuits towards a productive research. I would like to acknowledge the very fact that translation of my ideas into actions became possible due to his able and prudent guidance. His professional acumen, plausible and erudite thinking and perfect counselling helped me greatly in achieving my goal. His meticulous ways, pragmatic outlook, continuous involvement and impeccable style of working left an indelible mark on my mind. It certainly has been once in a lifetime opportunity to work under such a keen and disciplined personality. A heartfelt thanks to him for all that he has endowed me with, which will stand me in good stead for all my future endeavours.

Words fail me as I try to thank our Late Hakim Abdul Hameed Saheb for the immeasurable contribution to the field of education.

I convey my thanks to Prof. R.K. Khar, Head, Department of Pharmaceutics for extending the necessary facilities to carry out the research work. His ideas and ideals have always been constant sources of inspiration for me in pursuing my goals towards excellence. His continuous involvement, inspiration and immense motivation are sincerely acknowledged. Thank you sir, for extending all the help and motivation.

I take this opportunity to thank gratuitously Prof. K. K. Pillai, Dean, Faculty of Pharmacy, and Head, Department of Pharmacology for his kind co-operation and moral support.

I take this opportunity to thank gratuitously Prof. M.S.Y. Khan and Prof. R. Zafar for their kind co-operation and moral support.

Words often fail to express my gratitude to Dr. (Mrs.) Kanchan Kohli and Dr. (Mrs.) Alka Ahuja for all the inspiration and guidance throughout the course of this project. The knowledge and wisdom accumulated during their vast experience as an excellent teachers and humble human being was shared with me in a friendly manner.
My special thanks are due to Dr. Asgar Ali and Dr. Mushir Ali who showed interest in my work and provided moral support.

My heartfelt appreciation and gratitude are due towards my friend and colleagues Manish Chawla, Rajesh Khanna, Ms. Yasmin, Dr. Javed Ali, Ms. Zeenat, Mr. Farhan J. Ahmad, Mr. Mohd. Aquil, Ms. Rinku Khurana, Dr. Sushma Talegoankar and Dr. Prabhat Mishra whose timely suggestions helped me in shaping out the things. I thank them from the bottom of my heart.

I am thankful to Sun Pharmaceuticals Ltd. for providing the gift samples of meloxicam.

Research work can never be done alone and it is persons like Dr. N. Saha, Head, Clinical Pharmacy Unit, Majeedia Hospital who helped me immensely in getting my bioavailability studies done on the human volunteers. I am thankful to the entire CPU staff.

My most sincere thanks are due to Dr. Vidushi Madan, Consultant Pathologist, Majeedia Hospital who helped me immensely with my histopathological work.

I also acknowledge the kind help of Dr. S. Sharma, Mr. Imran, Mr. Maqsood Ali and Ms. Renu for their laboratory assistance.

My special thanks are due to Dr. M.C. Jain, IOCL Ltd. Faridabad and Dr. T.G. Chandrashekar, Sr. Research Scientist, Ranbaxy Laboratories Ltd., Gurgaon for providing facilities to carry out powder X-RD, FT-IR and DSC of samples.

I gratefully acknowledge financial assistance by Council of Scientific and Industrial Research.

I shall be failing in my duties if I do not put on record my sincere gratitude towards my family members specially my husband Inder whose categorical and unstinted support during the most adverse situations helped me sail through. I have no words to thank them.
