Acknowledgement

A formal statement of acknowledgement will hardly meet the ends of justice for expressing my deep sense of gratitude and obligation to my esteemed advisor Dr. M. Z. Ahsan, a biotechnologist of repute, for his sincere efforts, lively and caring nature, dexterous guidance untiring help and supervision. His support and sacrifice has enabled me to reach this level of academic attainment.

It is my proud privilege to express my gratitude and obligation to my esteemed co-advisor Dr. A. A. Zaidi, a virologist of repute, for his able guidance, constant supervision, keen interest and invaluable help which he extended during the course of study. Without his interest, I would not have been able to do my doctorate degree, which I initiated after a long gap of my master's degree.

My heart felt thanks are extended to Dr. P. S. Ahuja, Director, DIBT, Palampur for the moral support, permission to use the available facilities and for the faith, which he kept on me during the tenure of my work at DIBT.

I highly acknowledge Dr. Sanjay, an eminent scientist for his kind co-operation and permission to use some of the facilities in his lab at various times during the course of the study. I also extend my sincere thanks to Dr. Anil Sood for his valuable advice, moral support as well as efficient editing at the time of submission of patents without delay. I acknowledge Dr. V. M. Katoch, Director, Central Jala Institute for Leprosy and Dr. I. D. Garg from CPRJ for his support in terms of sequencing and electron microscopy respectively.

I highly acknowledge Dr. Markandey Singh for his help in procuring the corms of Gladiolus from Delhi to develop the diagnostic kit. I acknowledge Dr. Vipin Hallan for his immense help and creating cordial environment in the lab during the tenure of my work. I also acknowledge Dr. Raja Ram for his help and moral support during the tenure of my work.

My heart felt thanks to Dr. Arvind Gulati, Dr. D. Dhyani Dr. S. Karthikeyan and Dr. Ojo Kolawole Adeyinka for moral support and creating a very cordial environment for me.

The help and support provided by my friend and colleague A. R. Sherpa cannot easily be acknowledged in words. I do not recall a single day when he has not helped me. His company has always been a pleasant which I cherished a lot. I sincerely thank his cooperation and moral support, which he extended during the tenure of my work.

I shall be failing in my duty if I do not thank to my colleagues Saurabh and Bandana for their help in research work. The help, moral support and company of my friend Amit, Dr. Ansku and Dr. Vipin Kumar have always been a pleasant gift for me. I am thankful to my junior Amit, Birender and Hemendra Pratap Singh for updating my knowledge and for providing nice company in lab.
My sincere thanks are also due to my other colleagues Dr. Neeraj Verma, Gaurav, Sanjay, Lakshmir, Manoj, Arpana and Kundan. I want to acknowledge trainees Vikas, Antarash, Vinay, Harpreet, Deepak, Vishal and Manjus for nice company. Help provided by Mr R.V.M. Rao in photography and Mr Mukhtar Singh in library matter is not easy to be acknowledged. I am also thankful to Mr. Tilak, Munshi Ram, Pawan Kumar, Ajay Kumar, and Karam Chand for their help in lab and field, Ganesh, Baldev and Atul for their help in autoclaving and Swaroop ji and Sravan ji for their help in library.

I also acknowledge Dr. R.C. Katoch, Dr. Alok Sharma Dr. Sanjeet Katoch, Dr. A K Panda, Dr. Rajesh Rajput, Dr. K.B. Nagal and other members of the faculty of COVAS, CSKHPKV, who helped me a lot directly or indirectly in this effort.

Financial help provided by Department of Biotechnology, Government of India is thankfully acknowledged.

Lastly, I also acknowledge all the family members of JHBT who helped me directly or indirectly to complete this work.

I bow my head to my revered in-laws and parents for their infinite love, blessings, good wishes and silent prayers. The inspiration, affection, blessings and good wishes of my elder brothers, sisters and Youngers of my family could not be traced in the present lexicon.

Last, but not the least I place on records the untiring and generous support, positive attitude, invaluable blessings, the selfless and untold sacrifices for my better and bright future provided by my husband Dr Rajesh Katoch for pursuance of doctoral research. No words are enough to acknowledge him. Finally I feel proud to pay my heartiest blessings to my little loveliest daughter, Sameeksha for her affection and cooperation.
