ACKNOWLEDGEMENTS

I feel deeply obliged to express my profound sense of gratitude and indebtedness to my diligent guide and mentor Prof. Mohd. Ali. His ever inspiring and scholastic guidance, keen interest, patient supervision and optimism helped me to solve various insurmountable problems encountered during the course of this work. Only my lips move in a prayer to thank Almighty that I am destined to be led by a man, so lofty in his ideals and yet so humble in manner.

I also must express my gratitude towards my co-supervisors Prof. K K Pillai and Dr Surender Singh for their constant encouragement and valuable suggestions throughout the course of my project. Their guidance was very much essential for the completion of my work.

I am very much thankful to late Alhaj Hakeem Abdul Hameed Sahib, founder chancellor of Jamia Hamdard for providing a pleasant atmosphere and necessary infrastructure and facilities. I wish to thank Prof. S. H. Ansari, Head, Department of Pharmacognosy for his valuable guidance and suggestions. I thank Prof. Saroor A. Khan, Dean, Faculty of Pharmacy for his time-to-time support during the course of my study.

I will be failing in my duties if I do not thank the staff of various libraries www: Library, Faculty of Pharmacy; Central Library, Jamia Hamdard; National Medical Library (NML), Delhi; Indian Institute of Technology, Delhi and Indian National Documentation Center (INSDOC), Delhi for providing necessary facilities to carry out literature review. I thank Dr. M. P. Sharma for the identification of plant material. I acknowledge the RRL, Jammu for recording the spectra.

I feel very lucky to have some of my friends around me while working on this project especially Rafi, Onkar and Showkat.

My thanks are due to my friends Atif, Yashomati, Saif, Shibu, Kashif, Ahsan and Zia for their full co-operation. I wish to convey my thanks to my loving juniors Sohail and Madhu. My warm and totally inadequate thanks to technical and the non-teaching staff of our faculty.

I must thank Department of Biotechnology, Govt. of India for providing financial assistance to the whole project.

I am not able to express my thanks to my beloved parents for their love, care and wholehearted support all through. Their sacrifices have made me what I am today.

Above all I thank Almighty God, for His blessings showered on me, which showed me the way throughout.

"Nor shall they compass aught of His knowledge except as He Wilt".
