ACKNOWLEDGEMENT

I deem it a matter of great pleasure in expressing my profound gratitude and indebtedness to my guide, Dr. G.S. Pandey, Reader, School of Studies in Chemistry, Pt. Ravishankar Shukla University, Raipur for his valuable guidance, unsparking and ever available help through out the course of this endeavour. I am highly indebted to him for suggesting the research problem and pursuing the progress of the work through intensive care and guidance, and for his kind and affectionate treatment during the period of research programme.

I express my sincere gratefulness to Pt. Ravishankar Shukla University, Raipur and Council of Scientific and Industrial Research (New Delhi) for awarding University Scholarship and Senior Research Fellowship respectively during the Ph.D. programme.

My sincere thanks are to Professor S.G. Tandon, Head of the School of Studies in Chemistry, Pt. Ravishankar Shukla University, Raipur for providing the laboratory facilities during the course of the research work.

I express my gratefulness to Dr. S.S. Dave, Department of Mining and Geology, Raipur for providing the facility of atomic absorption measurements, and to Dr. V.K. Jain, Chief Analyst of the same department for his help during the measurements. I am also grateful to Dr. M.W.Y. Khan, Reader, School of Studies in Geology, and Dr. Arnansu Mukherjee, Research Associate of the same department for their assistance in instrumental measurements, and to Dr. Gupta, Scientist, M.D. Pollution Control Board, Raipur for providing their facilities for air monitoring.
I am thankful to General Managers of B.M.C., Cotton Textile Mill, Rajnandgaon and Chhattisgarh Distillery, Raigarh for providing facilities of sampling of effluents during the course of research work.

I am unable to find appropriate words to express my heartfelt sentiments for my parents Janab Puran Ahmad and Smt. Nazra Begum whose blessings and inspirations were greatly instrumental in accomplishing this work. I am also thankful to my sisters Smt. Ash Iqbal, Smt. Naaz Khan and Smt. Shad Ahmad and also my niece Shalu for their help and cooperation.

I also take the opportunity to thank Mr. Srikant Dubey, Suman Chakraborti, Tarit, Anil Pillai and other friends and hostelmates for their help during the course of sampling and typing of the thesis.

My special thanks are due to my Seniors of Research Lab, Dr. J.K. Moitra, Dr. (Miss) Geeta Jallan, Dr. (Mrs.) Nandita, SRF and to my colleagues Chandra Sagar Agrawal, Miss Namrata Shukla, Anita Savant and Komal Loomba for their whole hearted co-operation during the research work.
