

A C K N O W L E D G E M E N T

I wish to express my profound gratitude to Dr. M.L. Sonar, M.Sc., Ph.D., Department of Botany, Government College of Science, Raipur for suggesting the topic for this dissertation and for his painstaking supervision, inspiring discussions, unsparing and ever available help through out the course of this investigation.

My sincere thanks are due to Dr. S.K. Agarwal, Professor & Head, Department of Bioscience, Ravishankar University, Raipur for providing research facilities.

I would like to record my particular debt to Dr. S.S. Ali, Reader, Department of Bioscience, Ravishankar University, Raipur for his valuable discussions and constant criticism of the work without which the final form of this thesis would have hardly been possible.

My thanks are also due to Dr. P.R. Khandekar, Principal, and Dr. V.B. Sharma, Professor & Head, Department of Botany, Government College of Science, Raipur, for providing laboratory facilities in the initial days of this work.

Appreciation is expressed to Dr. J. Johnston, Director and his associates (Drs. Booth, Brady, Ellis, Kordue, Onions, Punithlingam, Sutton, Sivanesan and

and Sir K. I. Kew, for their help in identifying the fungal isolates.

I would also like to thank my research colleagues Mrs. S. Agrawal, Miss P. Kulshrestha, A. Arora, P.L. Prasanna, Mr. M.G. Royson, Dr. A.S. Gaur, Mr. A.K. Pradhan, A.K. Gupta, A. Ramchandrala, A. Agrawal, Miss S.R. Chetty and A. Niyogi for their cooperation.

My thanks are also due to the authorities of Ravishankar University, Raipur for granting University Fellowship and to the Council of Scientific and Industrial Research, New Delhi for sanctioning Senior Research Fellowship.

I am unable to find appropriate words to express my heartfelt sentiments for all patience which my parents, family members and friends had during the course of my research.

The excellent typing work of Shri T.V. Divakaran is thankfully acknowledged.

RAIPUR
Dt. JAN. 19, 1964.
