CHAPTER-VII

Bibliography

7.1 References

7.2 Curriculum Vitae
7.1 REFERENCES

Neural Network”, IEEE International Conference on Neural Networks, Orlando, Fl., USA, 1994, pp.4730-4735.

122. Proceedings of QIP Short Term Course on "Voltage Security and Stability Assessment using Artificial Neural Networks", University of Roorkee, June 1998.

165. Vincent E.Findley, Satish Kumar Ramamoorthy, Kavesh Ashenayi, “Daily Peak and Hourly Load Forecasting Using Artificial Neural Networks”, 28

169. X. Li, S. Y. Pei, Z. Han, L. Qu, “Fault Prognosis for Large Rotating Machinery Using Neural Network”, 9th International Conference on Applications of Artificial Intelligence in Engineering, University Park, PA, USA, 1994, pp. 99-105.

7.2 Curriculum – Vitae

1. Name : Bharti Dwivedi (nee Pandey)
2. Date of Birth : March 27, 1958
3. Present Employment : Assistant Professor
   Department of Electrical Engineering
   Institute of Engineering & Technology
   Sitapur Road, Lucknow, Uttar Pradesh
   PIN 226021
   Email: ietlk@vsnl.net.in
4. Academic Qualification : B.E. (Electrical Engineering)
   1979, 1 Division
   Govt. College of Engg. & Tech.,
   Raipur, Madhya Pradesh
   Pt. Ravishankar Shukla University,
   Raipur, Madhya Pradesh
   : M. Tech. (Electrical Engineering)
   1985, Grade 9.1 in scale of 10.
   Indian Institute of Technology,
   Kanpur, Uttar Pradesh.
5. Research Papers : Published / Communicated
   Related to research work.

Section Estimation”, Proceedings of International Conference SWICON – 2000,

Economic Load Dispatch Using Artificial Neural Network”, in progress for Proc.
IEE.

Solutions Using Artificial Neural Network”, in progress for IEEE.
