ACKNOWLEDGEMENT

The completion of this research work would not have been possible without the encouragement, help and support of many individuals. It is my privilege to thank the people who have supported and guided me throughout this research work.

I am highly indebted to my supervisor Dr. Mohammad Fazle Azeem, Professor, Department of Electronics and Communication Engineering, PA College of Engineering, Mangalore, Karnataka for having given me an opportunity to work under his guidance. I would like to express my sincere gratitude to him for his valuable guidance, insightful suggestions and constructive inputs.

I am grateful to Dr. V.I. George, Professor, Department of Instrumentation and Control Engineering, MIT, Manipal and Dr. C. Shreesha, Professor, Department of Instrumentation and Control Engineering, MIT, Manipal for guiding me as doctoral committee members for my research.

I am grateful to Dr. D.S. Ramachandra Murthy, Vice Chancellor, St. Peter’s University, Chennai for giving me an opportunity to carry out my research in the university.
I also thank Dr. M. Shanmugham, Registrar, St. Peter’s University and Dr. S. Gunasekaran, Dean, R&D, St. Peter’s University for their constant help and support.

I also thank Dr. G.P. Ramesh, Professor and Head, ECE and the staff members of Department of ECE, St. Peter’s University for their help during this research. I also thank Mr. D. Prem Kumar, St. Peter’s University for his help and support throughout my research.

I am also grateful to my parents and family members who constantly encouraged me in my work and supported me at all stages of my life.

Finally, I would like to thank all those who were directly or indirectly helpful in carrying out this research.

Abdul Kareem
