ACKNOWLEDGEMENT

I wish to express my deep sense of gratitude to (my guide) Dr. Kailash Choubey, M.Sc., Ph.D., Lecturer, Department of Geography, Doctor Hari Singh Gour Vishwavidyalaya, Sagar for his guidance, valuable suggestions and encouragement during the course of present investigations.

I owe my thanks to Dr. V.C. Misra, Professor and Head, Department of Geography for encouraging me and for providing necessary facilities making it possible to carry out the work in the department; to Prof. R.S. Dubey, for his suggestions and to the teaching staff of the department who encouraged me and always offered a helping hand in completing the work.

I am indebted to the Director, National Institute of Nutrition (NIN), Hyderabad; the Director of National Engineering Institute (NEERI), Nagpur; Indian Council of Medical Research (ICMR); National Science Library, New Delhi and the Dean, Medical College, Bhopal who were kind enough to provide me with library facilities.

I am thankful to the Principal, Government Narmada Mahavidyalaya, Hoshangabad, University Grants Commission and Government of Madhya Pradesh for sponsoring me and
providing me the facilities of a Teacher Research Fellow under the Faculty Improvement Programme of U G C in the absence of which the present work wouldn't have been possible.

"I also acknowledge my thankfulness to the officials of Chief Medical Office's, Malaria Offices, Public Health Engineering Department; Government and Private Doctors of the area and the family of the study area where I have conducted the diet/nutrition survey.

Lastly, my thanks are to colleagues and friends, who directly or indirectly helped me during the progress of my present work.

( G. C. Singhai )
