ACKNOWLEDGEMENTS

It gives me great pleasure to express my deep sense of gratitude to my guide and mentor, Prof (Dr.) M. M. Salunkhe, then Vice Chancellor Shivaji University, Kolhapur and present Vice Chancellor, Central University of Rajasthan, India. It was only because of his generous attitude, constant encouragement, constructive criticism, erudite guidance and unending interest, working on this project was one of the most rewarding experiences in my life.

I am very much thankful to Prof. S. R. Patil, Head, Department of Chemistry, Prof. P.P. Hankare Shivaji University Kolhapur for providing me the necessary facilities during the course of present investigation.

I am thankful to Dr. P. P. Wadgaonkar, NCL, Pune, for scientific discussions and guidance during the course of my work. I gratefully acknowledge Prof. M.B. Deshmukh, Dr. U.V. Desai and Dr. R.S. Salunkhe for their constant support and encouragement during the tenure of my research work.

I am thankful to faculty, Department of Chemistry for constant encouragement and moral support.

I must thank to all my school and college teachers, Mr. Metkari, Dr. Padwal, Mr. S.G. Mane, Mr. Santoshkumar B. Pore and Dr. V. V. Mulwad former director, Institute of Science, Dr. Harjani The Institute of Science, Mumbai, it is because of their valuable guidance I could shape up my carrier in right way and able to see my dreams coming true.

I am thankful to Prof. Puri, Head USIC for his support, Mr Mohite and Mr. Kalsh for GCMS, IR, analysis. I am also thankful to Mr. More, Institute of Science for providing the $^1H$ and $^{13}C$ NMR facilities and SAIF IIT Mumbai and TIFR, Mumbai for ESR analysis.

It is indeed great pleasure to acknowledge DRDO, New Delhi and DST, New Delhi for award of junior research fellowship.

Words are insufficient to express my thanks to my laboratory colleagues, especially Dr. Nitin, Dr. Amol, Dr. Sachin, Dr Karuna and Dr. Dilip of MMS group, friends especially Arjun (IIT Mumbai) and
Rajendra, and other friends from chemistry department who have always been there by my side. Their co-operation and friendly advice received during the progress of this study is sincerely acknowledged.

Finally, the credit of this thesis goes to my beloved parents, my paternal aunt and my late grandmother for their support, this wouldn't have been possible without the extreme strength, love, understanding and most precious blessings I received from them.
