ACKNOWLEDGEMENT

My deep sense of gratitude goes to Dr. A. Kannan, Professor, Department of Computer Science and Engineering, CEG campus, Anna University, Chennai, who is an inspiring guide and enlightened me to successfully complete this research work with interest and involvement.

With profound reference and high regards, I thank Dr. P. Narayanasamy, Professor and Head, Dr. T. V. Geetha, Professor, Dr. K. M. Mehata, Professor, Department of Computer Science and Engineering, CEG campus, Anna University for the motivation provided by them during this research work which enabled me to complete this work successfully. I am very much grateful to Dr. B. Viswanathan, Principal, Institute of Road and Transport Technology, Erode – 638316, for the prompt help in providing excellent directions to do the research work.

I would like to thank the Doctoral committee member Dr. P. Sreenivasa Kumar, Professor, Department of Computer Science and Engineering, I.I.T, Chennai, for his constructive criticisms and suggestions during various stages of this thesis work. I would like to thank Mrs. L. PremaRajeswari (Late) who helped me in all stages of my research work. I take this opportunity to thank all staff members of the Department of Computer Science and Engineering, CEG campus, Anna University, for the various help provided by them to complete this work.

Finally, I would like to thank all my family members, colleagues, and friends for providing full support and encouragement to complete this research successfully.

M. MARIKKANNAN
