Acknowledgement

I wish to express my sincere appreciation to those who have contributed to this thesis and supported me in one way or the other during this amazing journey.

First of all, I am extremely grateful to my main supervisor, Prof. (Dr) Bhagabat Puthal and co-supervisor Prof. (Dr) Binod Kumar Pattanayak of SOA University, for their guidance and all the useful discussions and brainstorming sessions, especially during the difficult conceptual development stage. Their deep insights helped me at various stages of my research. I also remain indebted for their understanding and support during the times when I was really down and depressed due to personal family problems.

I extend my deepest gratitude to the Honourable President, Honourable Vice-Chancellor, Honourable Registrar and Dean Research, Siksha ‘O’ Anusandhan University for providing me the facilities to conduct this thesis work.

My sincere gratitude is reserved to Dr. Gopi from Integra and Zunder L, Arun T from Jattayu Software now Mahindra Comviva, for their invaluable insights and suggestions. Very special thanks to the Srivathsa K. N for giving me the opportunity to carry out my doctoral research in the company premises. Heartfelt thanks goes to my mentor, Mr. Rajasekarn S from Sphinx team and Kumr C from jB5 team for taking me under their wing. I will never forget their support and for providing me numerous opportunities to learn and develop such research work. A heartfelt thanks to the really supportive and active SPHINX and jB5 team of Jattyu, staffs from Siksha ‘O’ Anusandhan University and all my friends who made this experience something special, in particular, Swarup, Venki, Nagus, Sandhya, Mani, Muni, Bhagi, Avinash, Bitoopan, Gayatri, Abhimanyu, Sagarika, Suvendu,. I would thank all my friends, colleagues, each and every one who were associated with me during my thesis work.

Words cannot express the feelings I have for my parents and my in-laws for their constant unconditional support - both emotionally and financially. Special it is amazing to have family close by so far away from home.

Finally, I would like to acknowledge the most important persons in my life – my son Aum and my wife Krishnrani. My wife has been a constant source of strength and inspiration. There were times during the past four years when everything seemed hopeless and I didn’t have any hope. I can honestly say that it was only her determination and constant encouragement (and sometimes a kick on my backside when I needed one) that ultimately made it possible for me to see this project through to the end.
