ACKNOWLEDGEMENT

I wish to place on record my deep sense of gratitude to my Research Supervisor, Dr. R. Udhayakumar, Director Rural Technology Centre, Faculty of Agriculture and Animal Husbandry, Gandhigram Rural Institute, Deemed University, Gandhigram for the valuable guidance, constant encouragement, boundless support and inspiration given throughout the course of work. I reverently recall his timely help and concern bestowed on me, without which I would not have been able to complete this programme.

I profoundly express my sincere thanks to my Joint Supervisor and doctoral committee member, Dr. R. Kailappan, Professor, Agricultural Structures and Process Engineering, Department of Process Engineering, College of Agricultural Engineering and Research Institute, Tamil Nadu Agricultural University, Coimbatore, for the eminent guidance, concrete suggestions and enlightening ideas, which contributed a lot in brining out this document.

I am enormously indebted to Dr. K. Muralidharan, Sr Scientist (Statistics) and Dr. C. Thamban, Scientist (Extension) for the unparalleled technical expertise, creative criticisms, admirable enthusiasm and persistent encouragement, which guided me all along to complete this work with all possible perfection.

My heartfelt thanks are due to Dr. S.J.D. Bosco, Dr. A.C. Mathew, Dr. C. Palaniswamy, Dr. Elian Apsara, Dr. MuraligopaS, Dr. C.V. Saipram and Dr. Naresh Kumar all Scientists of Central Plantation Crops Research Institute, Kasaragod for their unlimited help offered in analyzing data and helping in various experiments and assisting in editing the thesis.

I greatly acknowledge the warm support and help received from my colleagues Mr. K.G.N. Swamy, Mr. Sebastian George, Mr. M.V. Krishnan, Mr. Manoj Kumar and Mr. Dineshan all of CPCRI, Kasaragod for assisting in fabricating the equipments developed.

I sincerely thank and Dr. M.K. Nair, former Director, CPCRI, Kasaragod and Dr. S. Arulraj, Head, Social sciences division for critically going through the manuscript and timely suggestions. Thanks are also due to Dr. R. Dhanapal, Sr. Scientist and Dr. A. Alagesan for moral support and for final editing of the thesis.

I sincerely acknowledge the staunch support and warm concern of Dr. T. Ranganathan, Dean, Faculty of Agriculture and Animal Husbandry, Gandhigram Rural Institute and the PRA staff and teaching staff and Mr. Sharan Kumar, Research scholar of the Faculty of Agriculture and Animal Husbandry, Gandhigram Rural Institute, which in many ways provided a comfortable atmosphere for me to finish the programme.
without any difficulties. I fondly recall the willful help of many of them for completing my research work in time.

I thank the L.B.S. Engineering College, Kasaragod for providing facilities for conducting calorific value studies.

I reverently thank Dr. V. Rajagopal, Director, Central Plantation Crops Research Institute and Indian Council of Agricultural Research for granting the study leave and providing all the facilities for carrying out the research work at C.P.C.R.I, Kasaragod.

I wish to sincerely thank the respected Vice-Chancellor and administration of Gandhigram Rural Institute for providing all necessary help during the period of study.

The boundless affection, earnest support, encouragement and prayers of my beloved wife Manisha Singh, and sons Vivek Singh and Vaibhav Singh and my brothers and sisters for the successful completion of my doctoral programme will be ever remembered and rejoiced.

Place : Gandhigram
Date: 9/2/2006
