Acknowledgements

I express my sincere gratitude to my thesis supervisor and mentor, Prof. J. N. Goswami. His meticulous and hard working nature has been a constant source of inspiration for me. I am thankful to him for providing the infra-structure, support and supervision to conduct the experiments. His guidance helped me to understand the subject and appreciate its intricacies. I am grateful to him for critically reading this manuscript and making substantial changes.

I am extremely thankful to Prof. N. Bhandari and Dr. S. V. S. Murty for their constant interest and encouragement in my work. I am indebted for their advice and critically evaluating this work. Discussions with them were always fruitful to enhance my understanding about the subject.

I also express my gratefulness to Dr. S. K. Bhattacharya, Dr. B. R. Sitaram, Dr. R. Ramesh, Dr. T. Chandrasekhar and Dr. P. Sharma for their help and advice on thesis matters. I would also like to thank Prof. B. L. K. Somayajulu, Prof. S. Krishnaswami, Dr. B. G. Anandaroa and Dr. P. N. Shukla for their concern about my work.

I am grateful to Dr. A. M. Davis, Dr. G. J. MacPherson, Dr. U. U. Ulyanov, Prof. G. J. Wasserburg, Dr. I. D. Hutcheon and Dr. M. A. Nazarov for providing precious meteorite samples and appropriate terrestrial standards.

The excellent maintenance of PRL’s Ion microprobe by Mr. V. G. Shah has been fabulous. The trouble-shooter not only kept the things going on but also helped me to learn right from tightening the screw properly to operation/maintenance of the instrument. I also express my sincere thanks to Mr. G. D. Panchal for his expert technical support to our lab.
I am thankful to the librarian and her colleagues of the library at PRL for providing excellent facility. I am grateful to Mr. D. R. Ranpura for carrying out my never ending photography jobs, proficiently. Mr. G. P. Ubale and his team-mates have been quite helpful in getting the workshop things done with competent.

I admire with great affection my lab-mates, Deomurari, Nirjhari, Mondal, Kuljeet, Saumitra, Sini and Anjan for their cordial and cooperative attitude. I convey my gratefulness to Dr. M. E. A. Mondal for going through this manuscript. I would also like to thank Ms. Kuljeet Kaur for helping me during various stages of thesis writing. My memories about these people will be always refreshing.

The research scholars and post-doctoral fellows of PRL have been quite helpful and encouraging. I convey my deepest regards to all of them for making my stay here homey and memorable. I express my whole-hearted thanks to my dearest friends Abhijit, Poulose, Tarun, Devashis, Prahlad, Gautam, Kuljeet, Mondal and Siva who made my stay at Ahmedabad enjoyable (sometimes miserable !!).
