ACKNOWLEDGEMENT

In reality, all thanks are due to Allah, the Lord of the Universe, who out of His infinite love for His unworthy bondsman made it possible to complete this work.

Words cannot adequately express my indebtedness to my worthy guide and supervisor, Dr S.M. Shafi, Professor and Head, Dept. of Library & Information Science, for his unstinting help, valuable suggestions, meticulous guidance and healthy criticism during the accomplishment of present work. Indeed his sustained guidance has been a tower of strength to my work, & it is my good luck to have him as my guide. I pay my gratitude to him for which I have no words to express. His creative advice, energy and support were essential in making the text a reality. As a teacher, and as a guide, I owe him a great deal.

It is a part of intimate feelings and expressions to mention the constant encouragement and contribution of my parents and brothers which is beyond measurement. Their comments and suggestions were always helpful and always to be cherished. Without their help in all aspects of this effort, it would not have reached fruition. They always stood like pillars in the time of need and it is basically their success. They are responsible for giving me the security, confidence and love we all need on a scary journey. My parents always have the same answer when a new challenge comes along and I’m unsure of my ability to rise to it: ‘Yes, you can’, they say, and after a while you have to believe them! This research output is truly dedicated to my family members, for not only saying ‘yes, you can’, but for providing the support I needed to make it happen; and also for being there and never shrinking under the weight of my more stressful moments. My family has been tolerant beyond the bounds of reasonable expectation and for this I am eternally
grateful. I owe my success to all my family members, who always believed in my abilities.

My intellectual debts for this work are to those authors I have cited extensively that have influenced my thinking.

I shall be failing in my duty if I forget to thank my maternal uncle, *Professor Mushtaq Ahmad Kaw* (Center of Central Asian Studies) whose kind cooperation and valuable suggestions were always a source of inspiration to me. His constructive support has always been extremely beneficial during my work. His help has been extremely advantageous in forming and cultivating my concepts and ideas.

*Mr. Saiful Amin* (Edutech, India), *Mr. Vishal Sharma* (Edutech, India), *Mr. Jim Bowden* (Research Services Executive, Emerald Group Publishing Limited), *Mr. Carol Tenopir* (Professor, School of Information Sciences, Director of Research, College of Communication and Information and Director of the Center for Information and Communication Studies, University of Tennessee), *Miss. Lora* (Incharge, Project MUSE), *Mrs. Nutan Johry* (Documentation Officer, Indian Council of Social Science Research, New Delhi), *Dr. Tariq Rashid Jan* (Reader, Department of Statistics, University of Kashmir), *Mr Reyaz Rufai* (Librarian, Alama Iqbal Library); *Mrs. Sumaira Nabi* and *Mrs. Rabia Shah* (Professional Assistants, Alama Iqbal Library), *Mr. Iqbal Bandy*, *Mr. Asif Bashir & Mr. Ajaz* (Browsing Assistants, Alama Iqbal Library) deserve a unique place for providing help at the time of need.

I am deeply indebted to all my friends and colleagues who assisted me in various ways with their suggestions for improvement and corrections. I would like to name *Dr. Zahid Ashraf, Miss Samina Khan, Miss Asiya Ahmad* and *Mr Peerkzaada Mohammad Iqbal* whose thorough scrutiny of my work went beyond the bounds of friendship. Sincere thanks to all other friends for their valuable suggestions and help.
Mr. Tariq Ahmad Shah and Mr. Tajamul Hassan need a special pat in doing the documentation process of the manuscript to make it more presentable and standing there with me during the whole proof reading process.

I would also like to acknowledge the helpfulness of Mr. Imtiyaz Punjabi and Mr. Sheikh Imran at the time of need.

I shall be failing in my duty if I forget to thank all the staff members of our Department especially Mrs. Shaheen Banday, Mrs Fahmeeda Kanth and Mr Sagar whose kind cooperation were always a source of inspiration to me.

Again to say, my acknowledgement is due to the inspiration and blessings of my Almighty and my parents that I have been able to complete my work. The dedication expresses but a fraction of what I owe to the people involved with this work.

If I had forgotten to individually thank anyone, I do apologize.

Sumeer Gul
