BIBLIOGRAPHY

1. Achari, J.
   Some fixed point theorems.

2. On Ciric's non-unique fixed points.

3. Fixed point theorems in complete metric spaces.
   Resultate der Math. 3(1980), 1-6.

4. On the generalization of Pachpatte's non-unique
   fixed point theorem.
   Indian J. pure and appl. math. 13(3)(1982),
   P. 299-302.

5. Banach, S.
   Sur les operations dans les ensembles abstraits
   et leur applications aux equations integrables.
   Fund. Math. 3(1922) P. 133-181.

6. Browder, E.F. and Patryshyn, W.V.
   The solution iterates of non-linear functional
   equations in Banach spaces.
7. Belluce, L.P. and Kirk, W.A.
   Fixed point theorem for certain classes of non-expansive mappings.

8. Bajaj, N.
   Some maps on unique common fixed points.

9. On Ciric's type map involving two points and four points of the space.
   Ph.D. thesis, Dr. Hari Singh Gaur University, Sagar.

10. Bhagwat, N. and Singh, B.
    Fixed points of a pair of mappings.

11. Ciric, L.B.
    On some maps with non-unique fixed points.

12. Chumki Panja and Baisnab, A.P.
    Asymptotically regularity and fixed point theorems.
    Math. Student. 46(1978), 49-54.
13. Chatterji, H.
Indian J. pure. appl. Math. 10(1979),
886-89.

14. Dass, B.K. and Gupta, S.
An extension of Banach Contraction Principle
through rational expression.

15. Edelstein, M.
On fixed and periodic points under contractive
mappings.

16. Fisher, B.
Common fixed point and constant mapping
satisfying a rational inequality.

17. Gähler, S.
2-metrische Räume undihre topologische struktur,

18. Linear 2-normierte Räume,

19. Über 2-Banach - Räume,
20. Iseki, K.
   On common fixed point of mappings.

21. Fixed point theorem in Banach space.

22. Fixed point theorems in 2-metric spaces.

23. An approach to fixed point theorems.

24. Jungck, G.
   Commuting mappings and fixed points.

25. Jaggi, D.S. and Dass, B.K.
   An extension of Banach's fixed point theorem through a rational expression.

26. Jaggi, D.S.

27. Jain, R.K. and Jain
   A result on fixed points in Banach space.
28. Kannan, K.
Some results on fixed point theorems.

29. Some results on fixed points - II.

30. Contraction of fixed points of a class of
non-linear mappings.

31. Khan, M.S. and Imdad, M.
A common fixed point theorem for a class of mappings

32. Fixed points of certain involutions in Banach
spaces.

33. Khan, M.S. and Swaleh, M.
Fixed point theorems for generalized contraction.

34. Khan, M.S.
Fixed points and their approximation in Banach
spaces for certain commuting mappings.

35. Kasahara, S.
36. Fixed point of some pairwise contractive mappings on compact L-spaces.
Math. Sem. Notes, Kobe Univ. 4, 121 (1976)

37. Maia, M.G.
Un asserviriono sulle contrazioni metriche.
Rend. Sem. Mat. Padova, 40 (1968), 139-143.

Extensions of fixed point theorem of Rhoades and Ciric.

Remarks on some fixed point theorems.

41. Naimpally, S.A. and Singh, K.L.
Extensions of some fixed point theorems of Rhoades.

42. Poincare
Analysis Situs
J.-iel Ecole Polytech, 2 (1) (1895), 1-123.
43. Pachpatte, B.G.
On Ciric's type maps with a non-unique fixed points.
Indian J. pure appl. Math. 19(8) (1979),
1039-1043.

44. Common fixed point theorems for mappings satisfying rational inequalities.
Indian J. pure appl. Math. 19(11) (1979),
1362-1368.

45. Some fixed point theorems related to Banach contraction principle.

46. On the asymptotic regularity of certain mappings in a Banach space.

47. Common fixed points of two mappings satisfying a new contractive type condition.

48. Pittnauer, F.
A fixed point theorem in complete metric spaces.

49. Paliwal, Y.C.
Fixed point theorem in metric space.
50. Some fixed point theorems in the metric space for three maps.
Pure and applied Mathematika Sciences,

51. Patil, P.T. and 6chari, J.
A note on common fixed points in 2-metric spaces.
The mathematics education, Vol. XXII, No. 4,
(1988)

52. Pathak, H.K.
Some fixed point theorems on contractive mappings
Acta Ciencia Indica, Vol. XIM, No. 4, 249(1985)

(1987)

54. On asymptotic regularity of mappings,

55. On some non-unique fixed point theorems for the maps of Dhage type.
Pure and Applied Mathematika Sciences,

56. Some fixed point theorems for two mappings satisfying a new contractive type condition.
57. Some non-unique fixed point theorems for new class of mappings.

58. Pathak, H.K. and Dubey, R.P.
Common fixed point theorem of three commuting mapping in L-spaces.

59. Fixed point theorems for three mappings on metric space.
The Mathematics Education Vol.XXIV, No.1(1990)

60. Some fixed point theorems in 2-metric spaces.
Preprint.

61. Extension of a fixed point theorem of Naimpally and Singh

62. Rhoades, B.E.
Comments on two fixed point in iteration methods

63. A comparison of various definitions of contractive mappings.
64. Fixed point theorem for mappings with contractive
   iterates.

65. Extensions of some fixed point theorems of
   Ciric, Maiti and Pal.

66. Schauder, J.
   Zur theorie stutiger abbildungen in funktional
   reimen.
   Math.z. 26(1927), 47-65.

67. Sessa, S.
   On a weak commutativity condition of mappings
   in fixed point considers.

68. Sharma, P.L. and Bajaj, N.
   Fixed point theorem in Banach space for
   commuting mappings.

69. Singh, S.L.
   Some Contractive type, principle on 2-metric
   spaces and application.
70. Sharma, P.L. and Yuel, A.K.
    Fixed point theorems under asymptotic regularity at a point II.

71. Singh, S.P.
    On a fixed point theorem in a metric space.

72. Singh, M.R.
    Results on continuous mappings and fixed points in a 2-metric space using two metrics.

73. Sharma, P.L. and Rajput, S.S.

74. Yeh, C.C.
    Remark on Common fixed points.
    Tamkang J. Math. 3(1972), 75-96.

75. On common fixed point theorems of continuous mappings.

76. Estrotto da le Mathematics.
77. Yuel, A.K. and Sharma, P.L.
On fixed point mappings
Vijnana Parishad Anusandhan Patrika

78. Fixed point theorems on contractive mappings.
Indian J. pure. appl. Math. 13(4) (1982),
426-428.
