ACKNOWLEDGEMENTS

I acknowledge with profound gratitude my indebtedness to my supervisor Dr. P. K. Pande, Scientist-E, Wood Anatomy Discipline, Botany Division, Forest Research Institute, Dehradun, for his able guidance, constructive criticism, valuable suggestions and continuous encouragement during the entire course of study and write of this manuscript.

I am also thankful to Dr. S.K. Chaturvedi, Principle Scientist, Head, Division of Genetics and Plant Breeding, Indian Institute of Pulses Research, Kanpur (U. P.) for his continuous cooperation during the entire study. Thanks are also due to Mr. R. K. Saxena, State Forest Research Institute, Kanpur (UP) for the help during the study.

I pay my regards and special thanks to Director, Forest Research Institute, Dehradun for his grace and encouragement for the study and to the Registrar, Forest Research Institute University, Dehradun, for administrative help.

I am also thankful to staff of Wood Anatomy Discipline; Botany Division for their cordial behavior and cooperation during the entire study.

I express my thankfulness to Dr. J.D. S. Negi, Chairman RAC, Dr. Laxmi Rawat, Head, Ecology and Environment Division, Mr. Raman Nautiyal, Scientist-E and other members of RAC for their valuable suggestions. I am also thankful to M. K. Gupta, Head, Soil and Land Reclamation Division for helping me in soil analysis.

I am also thankful to all the staff members of Forest Research Institute, Kanpur (UP), Indian Institute of Pulses Research, Kanpur (U.P) and Pollution Control Board, Kanpur and HBTI Kanpur (UP) for their continuous support during analysis work.

My sincere gratitude to my parents, husband, brothers and friends whose everlasting moral support and love always gave me confidence and inspired me to go ahead with my goal.

Finally I thanks from the depth of my heart to all those who helped me directly or indirectly during my research.
