ACKNOWLEDGEMENT

It is with great pleasure that I express my deep sense of gratitude and indebtedness to Dr. P.C. Ravindran, Reader in Microbiology, School of BioSciences, Mahatma Gandhi University for the valuable guidance and advice, constructive criticism, delightful patience and constant encouragement throughout the course of work.

I offer my gratitude and respect to Dr. Sankar Sasidhar, Director and Professor, School of BioSciences, Mahatma Gandhi University for providing the necessary facilities during the tenure.

I am grateful to Dr. Jean Painchaud, Director, Dept. of Aquatic Ecology, University of Laval, Canada; Dr. Sava Buncic, Scientist, MIRI, New Zealand and Dr. S.P. Pathak, Director, ITRC, Lucknow, for providing me with valuable advice and suggestions for the better conduct of this work.

Thanks are due to the Directors, Central Marine Fisheries Research Institute, Central Institute of Fisheries Technology and National Institute of Oceanography, Cochin; Department of Aquatic Biology and Fisheries, University of Kerala and School of Environmental Studies, Cochin University of Science and Technology for their valuable help in different capacities, during the period.
I extend my sincere thanks to Dr. I.S. Bright Singh, Reader, School of Environmental Studies, Cochin University of Science and Technology, Dr. A. Padmakumar, Associate Professor, Regional Agricultural Station, Kumarakom and Sri. Jyotis Mathew, Lecturer, School of BioSciences, Mahatma Gandhi University for their timely help and suggestions during the work.

Sincere thanks are due to the staff, both in the faculty and administration and to Sri. T.S. Bose, Technical Assistant, School of BioSciences, Mahatma Gandhi University for the help extended to me during the period. All my fellow research scholars and the post graduate students of the department deserve special mention for their helpful co-operation and warm companionship.

I am thankful to the Principal and Management, S.B. College, Changanacherry, Kerala, for granting me leave on deputation for the completion of this work. Also I am grateful to University Grants Commission for awarding the fellowship during which the work was completed.

I remember with extreme gratitude, the service rendered by Sri. G. Venugopal and Sri. Mohammad Iqbal, in field study and sample collection throughout the period of investigation.
With gratitude, I thank M/s HAWK COMPUTERS, Kottayam, for the excellent word processing and type setting of this thesis.

I am grateful to my parents and family members for the love, encouragement and prayers that they showered on me.

Thanks are due to my wife Tiji, who alone managed the home during the long days of my absence. Her sustained support, enduring encouragement and generous co-operation are gratefully acknowledged.

Finally, I bow my head before God Almighty for blessing me with good health and confidence during the past years of earthly strife for the successful completion of this attempt.

GEORGE ABRAHAM
