Acknowledgement

Many people helped in creating this work. Although all errors, omissions, or misinterpretations are entirely my own, I have a long list of people to thank for helping to make this possible.

First, I would like to thank my superb supervisor, Professor Amrita Yadava, for ongoing support and feedback throughout the whole process. You not only inspired me on the current project but also positively impacted my decisions about research endeavors. Thank you for all your diligent efforts in reading my drafts, helping in my statistical analyses, being a prompt responder to my numerous emails, and being available for my unexpected visits. It was a pleasure working with you!

In addition, I would also like to thank Dr. Promila Batra, Professor and Head; Dr. Nov Ratan Sharma, Professor and other teachers of Department of Psychology, Maharshi Dayanand University, Rohtak, for their ever stimulating, valuable and readily available supervision, constructive suggestions and encouragement in preparation of this research work. I also wish to acknowledge the support of the laboratory and administrative staff of the department for their co-operation.

I cannot forget to pay my profound debt to my mother Mrs. Sheela Rani, my father Mr. Sunil Kumar and my sister Ms. Kanchan and my brother Mr. Nitin for their support, co-operation and encouragement. Thank you for all of your support – both financial and emotional – over the years. Your constant enthusiasm and interest in my endeavors has really shaped my life path.

I express my thanks to my friends especially Ms. Megha (I.T. Professional) who helped me in designing Lexical Decision task and Mr. Mandeep who helped me in conducting Lexical Decision task and Mr. Arun for his co-operation.

I am also thankful to the students who were selected for the sample of the study and the Principals of the schools which allowed me to conduct the research work.

Above all, I thank God for everything.
