ACKNOWLEDGEMENT

At this moment of accomplishment of my research work for the degree of Doctor of Philosophy, first of all I would like to pay homage to my guide, Dr. Yogesh B. Dabgar, Principal, R. R. Mehta College of Science & C. L. Parikh College of Commerce, Palanpur. This work would not have been possible without his guidance, support and encouragement. Under his guidance I successfully overcame of many difficulties and learned a lot. His unflinching courage and conviction will always inspire me. His wide knowledge and logical way of thinking have been of great value for me. His understanding, encouragement and personal guidance have provided strong foundation to the present research. I can thank him properly only through my work and success in future.

I would like to express my deep and sincere gratitude from the bottom of my heart to respected Dr. B. K. Jain, Principal, M. G. Science College, Ahmedabad, for his valuable guidance and suggestions throughout the study. His appreciation and enthusiasm has supported present research to be up to the mark.

I am deeply grateful to Mr. Kandarp Kathju, bird enthusiastic and environmentalist, for his friendly, informal and export support during almost all the visits to the study area. His thorough knowledge about the area and its environment provided me a baseline to start the research from. Further many rounds of discussion with him regarding present research inspired me to keep the research accurate and of higher standards throughout.

A friend of mine and plant taxonomist Dr. Pankaj Joshi, Programme Director, Biodiversity and conservation, Sahjeevan trust, Kachchh-Bhuj, supported me while facing challenges mainly in selecting methodologies and plant identifications. Dr. Ashok Patel also a friend of mine and Professor, Municipal Arts and Urban Bank Science College, Mehsana inspired me for the research and helped throughout the study in any discipline I needed. I am very much thankful to both of them for their friendly support.

I am also thankful to my former colleagues Ms. Megha Sakalani and Ms. Foram Mehta, ex. Science Educators, Vikram A. Sarabhai Community Science Centre, Ahmedabad who helped me in painstaking research of field visits and data collection.

I wish to express my warm and sincere thanks to Dr. k. G. Patel and Prof. P. P. Mehta, Municipal Arts and Urban Bank Science College, Mehsana for encouraging and appreciating the work all through the study.
I am also grateful to Prof. D. P. Patel, Principal, Government Science College, Laloda, Idar, for his cooperation and positive attitude towards me. Dr. Pragna Prajapati, HOD, Biology Department, Government Science College, Laloda, Idar, also supported me during the research.

I am especially appreciative to Mr. Bharat Pathak, IFS, Chief Conservator of Forest and Director, GEER foundation, Gandhinagar, for granting me permission to use the library of the institute. At the same time support from my former colleagues, friends and now working as a team of researchers at Gujarat Ecological Commission, Gandhinagar, Mr. Nischal Joshi, Mr. Lomesh Bhrahmbhatt, Dr. Ankur Patel and Ms. Krupa Zha is unforgettable. The support and help rendered by Dr. P. J. Dabgar and Dr. Y. S. Patel is also remarkable.

Facility provided at many stages of present research and expert comments by Dr. M. K. Patel, (HOD), Dr. J. N. Patel, Dr. S. H. Prajapati and Dr. M. S. Mali of Biology department, R. R. Mehta College of Science & C. L. Parikh College of Commerce, Palanpur is appreciated. I also thank Mr. M. M. Chaudhary, Librarian of the same college, who consent me to use the library when I needed it.

The support from Mr. Leelabhai and Ms. Rekha, staff personals at Thol lake wildlife sanctuary is also appreciated here.

It's my fortune to gratefully acknowledge all my family members for their constant motivation, especially to my parents Mr. Natavarlal H. Vyas and Mrs. Bhartiben N. Vyas for their inspiration, motivation, generous care and the homely feelings towards me. It is also a pleasure to mention special acknowledgement to my wife Dr. Trupti D. Vyas for her loving care, motivation and export comments in the chapter regarding medicinal plants. Innocent and fun full activities of my endearing son Kush around me, especially while working with computer at home enhanced my enthusiasm a lot. My promise to spare some special time with him as soon as I accomplish my present research seems to be fulfilled soon. Recently we have been blessed by having our new born baby girl Dhvani. Her adorable activities boosted me a lot in the final stage of present research.

Last but not least, I would like to regards to all the persons who have knowingly or unknowingly helped, encouraged and supported my research by any sort of action.

Dharmendrakumar N. Vyas
