Acknowledgement

A journey is easier when we travel together. Interdependence is certainly more valuable than independence. This thesis is the result of four years of work whereby I have been accompanied and supported by many people. It is a pleasant aspect that I have now the opportunity to express my gratitude for all of them.

It gives me great pleasure to express my deep sense of esteem and gratitude to my research guide, Dr. V. G. Patel for his inspiring guidance, never diminishing encouragement, support and his complete dedication during the progress of my research work. I am really glad that I came to know him in my life.

I am also thankful to principal and Head of the Chemistry Department, Dr. M. K. Thakor of the Municipal Arts and Urbenbank Science College, Mehsana for provided me all kinds facilities during my work.

I would like to thanks to the M/s Alekhya Drugs Pvt. Ltd., Vijayawada for supporting the analysis for IR, $^1$H NMR, $^{13}$C NMR and LC Mass Spectra.

I am thankful to Microcare Laboratory, Surat for providing facilities for evaluation of biological activity.

No word can acknowledge the moral support and encouragement from my father Devsinghbhai and mother Champaben during my research work. My wife, Jagruti constant encouragement, patience and perseverance have assisted me during concluding work of this thesis.

Thank you,

(Brijesh D. Chaudhari)
