

AKNOWLEDGEMENT

Working as a Ph.D. student in epidemiological as well as screening Research on community based background was a magnificent experience for me. In all these years, many personalities were instrumental directly or indirectly in shaping up my academic career. It was not possible for me to thrive in my doctoral work without the precious support of these personalities. Here is a small tribute to all these personalities.

I wish to express my indebtedness to Dr. Chirag A. Acharya for his invaluable guidance, constant support throughout the research work and helping me in completion of my thesis. I consider myself fortunate to have received his care and encouragement. I thank him with respectful gratitude.

I also take this opportunity to express my sincere thanks to our principal Dr. P. A. Vadher and head of the Zoology Department, Dr. S. K. Patel Who encourages me with all the supports including that of infrastructural facilities. I thank them from the depth of my heart for all that they have done to guide me. I also thank, Dr. Chetna V. Shah, Dr.D.A.Odedra, faculty members of Zoology Department for their valuable suggestions and help throughout.

My very special thanks to Dr. N.K.jain because without his inspiration and support it was just impossible for me to even think about this work. I am also thankful to computer operator of civil hospital Gandhinagar, and NCD cell staff member of all districts other friends of the health department for their constant help and support. I am also thankful to all persons who give me their great support.

My most sincere debts and thanks are due to my esteemed father in law ex. principal Mr. M.R. Joshi and mother in law, ex. Principal Mrs. I. M. Joshi for their blessings and wishes in all the endeavours that I undertake. I always remember the support of my husband Dr.Prashant M. Joshi and my sons-Vishwesh P. Joshi and Aditya P. Joshi.
