ACKNOWLEDGEMENT

It gives me immense pleasure to offer my deep sense of gratitude and indebtedness to my supervisor Dr. J.N. Das, Retd. Principal, Govt. Science College, Raipur (M.P.) for his valuable guidance, suggestions, untiring inspiration and constant encouragement during the course of investigation.

It is great pleasure for me in expressing my sincere gratitude to Dr. M. Elyas, Professor & Head, Department of Physics, Govt. Science College, Raipur (M.P.) for his encouragement, inspiration and all kinds of help throughout the investigation.

I am grateful to Dr. P.C. Kamara, Retd. Principal and B.P. Ambasth, Principal, Govt. Science College, Raipur (M.P.) for providing the necessary experimental facilities and encouragement throughout the period of my work.

I would also like to thank the tracers Shri J.K. Sahu, Shri N.C. Sahu and K. Verma for their help in drawing the diagrams. Thanks are also due to Shri C.L. Sahu, workshop technician who has taken great pains in fabrication of the instruments.

I would like to thank colleagues of the department for their help and encouragement during the tenure of this investigation. I offer my sincere gratitude to Shri T.L. Verma for his inspiration and help during the period of my work.
I am grateful to MAPCOST Bhopal for providing me financial support during my work.

I am also thankful to MANGANESE ORE (INDIA) LIMITED, (MOIL), NAGPUR, for providing me ore materials and its chemical analysis.

Thanks are also due to Manju Electronic Centre, Raipur, for help in typing this thesis.

I have no words to express my abiding gratitude to my parents whose encouragement, sense of sacrifice and blessings proved to be of immense value in the successful completion of my research work.

RAIPUR.
