Acknowledgement

My soul glorifies the Lord for the marvellous things He had done unto me. Thank God for the wisdom and perseverance that he has been bestowed upon me during this research project, and indeed, throughout my life: "I can do everything through him who gives me strength." (Philippians 4: 13).

At this moment of accomplishment, first of all I express my profound gratitude to my guide, Dr. (Mrs) S. Maria Victorial Rani, Associate Professor and Head, Department of Botany, St. Mary’s College (Autonomous), Thoothukudi. This work would not have taken the present form without her guidance, support and encouragement. Under her able guidance I successfully overcame many difficulties and learned a lot. I can’t forget her hard times. Despite her many difficulties, she used to review my thesis progress seriously, give her valuable suggestions and made necessary corrections. It was a great privilege and honour to work and study under her guidance. Her unflinching courage and conviction will always inspire me, and I hope to continue to work with her noble thoughts. I am extending my heartfelt thanks to her husband, family for their acceptance and patience during the discussion I had with her on research work and thesis preparation.

I am really very grateful to Dr. Rev. Sr. Alphonse Roseline Mary, Principal, Rev. Sr. Lucia Rose, Secretary, Dr. Rev. Sr. Decla, former principal, Dr. Rev. Sr. Alphonse Roseline Mary, former Secretary, St. Mary’s College (Autonomous), Thoothukudi for their genuine words of encouragement and support during my research work.

I gratefully acknowledge Dr. Mrs. Dulcy Elizabeth and Dr. Mrs. Udhaya Kumari Kalavathy former HOD of Botany and Dean of Sciences, Thoothukudi, for
their encouragement and constant support. My most sincere thanks are due to my teachers, Dr. Rev. Sr. Maria Elizabeth Vijily, Dr. Mrs. Mary Josephine, Dr. Mrs. Glory, for their continuous encouragement and intellectual inspiration. I am also indebted to my colleagues Rev. Sr. Arokiya Jenecius Alphonse, Mrs. Jacintha Tamil Malar, Dr. Mrs. Flora and Mrs. Sumathi for providing me a stimulating and conducive environment. I express my sincere thanks to all the research scholars and non-teaching faculties of the Department of Botany, St. Mary’s College, (Autonomous) Thoothukudi, for their kind co-operation and help.

I express my sincere thanks to Mr. V. Ganesh, M.E., MBA., Managing Director of Alpha Omega Hi Tech Bio Research Centre, Salem-8 for his valuable assistance in Transmission electron microscope and X-ray diffraction analysis.

A special thanks to my family. Words cannot express how grateful I am to my grandparents, my mother and uncle for all of the sacrifices that they’ve made for my growth and development. Also I express my sincere thanks to my sister, brothers, children and brother in law for their support and fervent prayers. I would also like to thank all of my friends who supported me in writing, and incented me to strive towards my goal. Finally, thanks to my dear beloved husband Mr. D. Ignaci for his continued and unfailing love, support and understanding underpins my persistence in the Ph.D career and makes the completion of this thesis.
