Acknowledgments

Every action is motivated by an ambition and all ambitions are backed by strength given by God.

[ Radha soami Ji ]

Walking with You, God, through this journey has given me strength and courage to accomplish many tasks in my life. On the recollection of so many and great favours, and blessings, I with a high sense of gratitude, presume to offer my sincere thanks to the Almighty, the Creator and Preserver for being there every time and particularly this time when you were required the most.

The credit goes to my reverend guide. The Chairperson of my Advisory committee, Dr. D R Sharma, Professor and Dean, for showing me a real path of life, the path of sincerity and dedication. His superb efforts, flawless advices and unique way of guidance, precious suggestions, inspiring help, encouraging behavior, keen interest and care throughout the course of present investigation as well as in the preparation of this manuscript. He has not only taught me biotechnology but also preached his rare and invaluable experiences.

I am extremely grateful to Prof. P. K. Khosla, Vice – Chancellor, Shoolini University, Solan (H.P.) for providing all the privileges during my research work.

It is my utmost pleasure to avail this opportunity to extend my heartiest gratitude to the worthy members of my advisory committee, Dr. Kamal Dev, Dr. Anuradha Sourirajan and Dr. Saurabh kulshreshta for their incessant help, encouragement and valuable suggestions during the course programme, investigations and manuscript preparation.

I emphatically owe my sincere thanks to Dr. Dinesh Chatanta, Dr. Azhar Khan, Dr. Umar Farooq, Dr. Adesh Saini, Dr. Amit Seth, Dr. Varun Jaiswal and Dr. Anil Thakur for their inspiring guidance, timely help and invaluable suggestions.

I am yet to find words to express my deep sense of gratitude to Dr. (Mrs.) Rajinder Kaur, Professor, Department of Biotechnology, Dr. Y S Parmar university of Horticulture and Forestry, Nauni, Solan (H.P) for allowing me to carry out my experiments in her lab. She has taught me another aspect of life, that, “goodness can never be defied and good human beings can never be denied”. She has always been there for me with her motherly hand whenever I needed it the most. Her constant guidance, cooperation and support have always kept me going ahead. I owe a lot of gratitude to her for always being there for me and I feel privileged to be associated with a person like her during my life.

Where emotions are involved words cease to mean, lexicon could not have the words to express the benevolent affection, blessing, encouragement, care, sacrifice, patience and love of my beloved parents without which I would have never come to this profligative stage and engaged myself in career building. The aspiration to go high and still higher in the academic field much beyond the blue yonder, however the journey to learn and achieve began from the sweet lap of my beloved parents from where I first commenced my educational career. It would be a tribute to put on record a line of utmost gratitude to my beloved papa Mr. Krishan Chand, mumma Smt. Panno Devi, whose association has always been a boost for me to reach the horizons of success. The sacrifices, heartfelt blessings and firm faith had made this manuscript a feeble recompense to translate their dreams to reality.

I seize this opportunity to express my heartfelt feelings and deep sense of love and adoration to my dear sisters (Rita, Kavita, Sunita, Simran and Sania), esteemed elder bhaiya and bhabi (Chaman & Suman) and impeccable younger bros (Ankush & Anshul) for their love, affection, inspirations, blessings, prayers and my nephew Lakshya for making me smile in this phase of journey.

I would like to voice my deep regards and thanks to my cousin brother Prashant for providing moral boost, support and encouraged to stride ahead in all adversities.

Words will fail to express the deep sense of gratitude and the heartfelt reverence to my loving chachu, Er. Ramesh Chand not only for preaching his invaluable experience but for his erudite counseling. I express my deep sense of regards to my chachi, Mrs. Anju bala and my younger chachu and chachi (Kashmiri lal & Kusum) for their moral boosting for this journey of life.
“A friend is one whom you can pour your heart out”. I find lacunae of words to express thanks, gratitude, affection and love plied by these pearls. It brings immense joy, full of tears rolling out of my eyes that these God sent angels always stood by me during every season of life. From the core of my heart I would like to convey my sincere thanks to my all near and dear friends especially Prashant, Pawan, Ashok, Harish, Manjinder, Vikesh, Anil, Ashwani, Pradeep, Anil dogra, for their cooperation, valuable help and jovial company.

Thanks are also due to staff, field and laboratory workers of the School of Biotechnology especially Mr. Jai singh, Rakesh, lokesh and Roma for their valuable help and cooperation.

My acknowledgement will never be complete without the special mention of my lab seniors who have taught me the lab culture and have lived by example to make me understand the hard facts of life. I would like to acknowledge namely Tarun Vishta, Anshul Sharma, Anil Thakur, Varsha Rao, Vipasha Vishta, Chandrika Seth, Harjeet Dhillon, Rupinder Kaur and Mantta Sharma for all their support and motivation during the initial days of my stay in the lab.

My special thanks to Dr. S.R. Sharma, ex- Emeritus Scientist, Directorate of Mushroom Research, Solan (H.P) for his constant support and flawless advice during this journey.

I gratefully acknowledge the financial assistance in form of research fellow (JRF/SRF) under Rajiv Gandhi National Fellowship (RGNF), University Grants Commission, Govt. of India, New Delhi.

I thank the Almighty for giving me the strength and patience to work through all these years so that today I can stand proud with my head held high.

I owe entire responsibility for all the errors and omissions.
