ACKNOWLEDGEMENTS

I would like to express my deepest gratitude to Dr. Prosanta Kumar Khan, Associate Professor, Department of Applied Geophysics, Indian School of Mines, Dhanbad for his continuous and constructive guidance, constant encouragement and critical supervision throughout my Ph. D. work.

My warmest gratitude to Dr. Virendra Mani Tiwari, Principal Scientist, Gravity and Magnetic Studies Group, National Geophysical Research Institute, Hyderabad for his immense support and encouragement during the gravity modeling.

I want to express my sincere gratitude to Prof. Shalivahan, Head, Department of Applied Geophysics, Indian School of Mines, Dhanbad for his encouragement and kind support during the present work. I am also thankful to Prof. S. Mohanty, Prof. P.R. Mohanty, Dr. Rima Chatterjee, and Dr. P.N.S. Roy, Indian School of Mines, Dhanbad for their constructive suggestions and supports.

I am also grateful to other eminent faculty members, Department of Applied Geophysics, Indian School of Mines, Dhanbad for their suggestions during the progress of my Ph. D. work.

I express my deep indebtedness to Prof. D.C. Panigrahi, Director, Indian School of Mines, Dhanbad for providing excellent research environment and financial support to carryout my research work smoothly.

I am also thankful to my research colleagues for their moral support during my Ph. D. work.

I express my sincere thanks to Administration, Indian School of Mines, Dhanbad for their quick responses during the entire period of my research work.

(Md. Afroz Ansari)
