ACKNOWLEDGEMENT

Though words are seldom sufficient to express gratitude and feelings, it somehow gives me an opportunity to acknowledge those who helped me during the tenure of my study.

First of all I thank Almighty for giving me the opportunity to carry myself forward in the path of my dream and for blessing me with the best and for making me who I am.

With a sincere note of gratitude, I wish to express my deepest thanks and regards to my respected teacher and guide Dr. M. Sreenivasa Reddy, Professor, Head and Vice Principal, Department of Pharmaceutics, Manipal College of Pharmaceutical Sciences, Manipal University, Manipal for the valuable guidance, encouragement, untiring patience and support laid by him during all stages of my work. His keen interest, encouragement and fruitful suggestions have enabled me to make my work worthy of presentation.

I humbly owe my gratitude and sincere regards to my respected teacher and co-guide Dr. N. Udupa, Director Research (Health Sciences), Manipal University, Manipal. His rich experiences, scientific vision, passion for knowledge, insightful direction and invaluable advices have always been a source of personal inspiration for me.

It is an honor to pay my respect and heartfelt thanks to Dr. C. Mallikarjuna Rao, Principal of Manipal College of Pharmaceutical Sciences, for providing me with all vital facilities and support throughout the tenure of my study in manipal.

I am grateful to Department of Science and Technology, New Delhi and ICMR, New Delhi for providing the financial support to carry out the research work. I am grateful to Manipal University for providing the infrastructure facilities throughout the tenure of my study.

With a deep sense of gratitude, my thanks to Usha Mam, Praful Sir, Aravind Sir, Prashant Sir, Gopal Sir, Karthik Sir, Rupesh Sir, Sidharth Sir, Pawan Sir, Swapnil, Nitesh and Ganesh for their support and valuable suggestions. A word of thanks to them just can’t be written by the word thanks but can always be preserved for the whole life to go.

My sincere thanks to Mahalaxmi mam, Shaila mam, Koteshwar Sir, Muttalik Sir, Vamshi Sir, Girish Pai Sir and Anup Sir (Faculty, Dept. of Pharmaceutics) for their guidance and help rendered me during this thesis work.

I would like to thank Mr. Sreedhar Prabhu, In-charge, Central Animal Facility-Manipal University for helping in animal experimentation, Dr. Keerthilatha. M. Pai, Professor and Head, Dept. of Oral Medicine & Radiology and Mr. Bhaskar H, Radiologist, Manipal College of Dental Sciences, Manipal Univerity, Manipal for their kind help and co-operation in X-ray imaging studies.
My sincere thanks to all Head of Department and faculty members of Manipal College of Pharmaceutical Sciences, Manipal University, Manipal for their timely help during my study.

I am very thankful to Dhirendra Sir, Bhagwati Sir, Anil Sir, Vijay Kumar Sir and Cinu mam. I am very thankful to my friends and colleagues, Kiran, Amol, Alkesh, Prateek, Nitin, Chetan, Pallavi, Zanab and Ankita.

I had the pleasure to work with several students who did their post-graduation work in our lab and have been someway beneficial for the presented work in this thesis. I am very thankful to all M.Pharm students for their kind support and cooperation.

I would like to thank Mr. Shivanand, Mr. Divakar, Pandu, Shrikala, Kaveri, Balakrishna and all other non-teaching and office staff members of MCOPS, without their timely help and support, this work would not have been possible.

I wholeheartedly express my gratitude to my beloved parents and family members for their constant encouragement, support and love without which I could have not reached this place.

My gratitude to God - the almighty, always gave me whatever I needed.

If there is anyone I forgot to put down on this paper, I apologize, but if you aren’t on this paper, it doesn’t mean you are not in my heart.
