Acknowledgement

Firstly, I would like to thank Almighty Allah with whom lies the dominion of all the creation, the Creator of life and death and everything in between. Peace and Blessings of Allah be upon Prophet Muhammad ﷺ. His family and Companions. I bear witness that no one is worthy of worship but Allah, the One alone, without partner, and I bear witness that Muhammad ﷺ is His servant and Messenger.

I, from the core of heart, express my profound thanks to my supervisor, Dr. Bashir Ahmad Joo (Associate Professor, The Business School, University of Kashmir). He is my respected supervisor, co-author and above all a friend who has provided me special counsel and support that helped me to complete this thesis. I am especially grateful for his complete assessment of my drafts and analysis of data.

This acknowledgement will be incomplete without mentioning the name of my Teacher and Mentor, Prof. Shabir Ahmad Bhat (Dean, Commerce and Management Studies) who encouraged me to take up this study and immensely and keenly supporting me throughout the study. Sincere gratitude to Prof. S. Mufeed Ahmad (Director, The Business School) for extending every possible support for accomplishment of this study at every stage.

I would also like to thank those persons who helped me in an informal manner, including Riyaz Ahmad Khan, Mushtaq Ahmad Wani, and others without whom this study would not have been possible. I am also thankful to the people who spent time with me in providing the valuable and in time responses against the questionnaires.
A special thanks to my family. Words cannot express how grateful I am to my parents, it is only due to their continuous support and encouragement that has enabled me to pursue this degree. Thanks to Ishtiyaq and Muneer who supported me a lot during this research. I can never repay my wife and kids for their interminable patience, support, continuous supply of love and encouragement during the difficult times of my survey and thesis writing. To them, I can only say that I love you all.
