ACKNOWLEDGEMENT

I am deeply indebted to my guide Dr. (Mrs.) H. V. Kulkarni, Reader, Department of Statistics, Shivaji University, Kolhapur, for her keen interest, valuable guidance and continuous encouragement given to me during the progress of this work.

I take this opportunity to express my sincere gratitude to Professor D. T. Shirke, Head, Department of Statistics, Shivaji University, Kolhapur for providing necessary facilities and encouragement given to me. I have received considerable help and co-operation from Dr. D. N. Kashid and Miss. A. T. Kamble. I am grateful to them.

I take this opportunity to express my thanks to Professor R. N. Rattihalli and Dr. S.R.Kulkarni who motivated me to do research.

I am also thankful to all my research colleagues, friends and non-teaching staff those who directly or indirectly helped and encouraged me throughout the research work. I am also much more thankful to Professor Sanjay Shete, Director, Biomathematics and Biostatistics Program, GSBS, Department of Epidemiology, The University of Texas, M. D. Anderson Cancer Center, Houston and Dr. N.K.Khatri, Associate Scientist & In-Charge Library, ISI, Delhi for providing me needful research articles for my research.

I would like to express my loving appreciation to my parents, brother and sisters for the constant support, care and encouragement during this work. Last but not the least thanks are due to my loving niece Meera, and nephews Hrhishikesh, and Arjun who did not get enough help in their studies during my work.
