ACKNOWLEDGEMENTS

This entitled thesis "study on fixed point theorem" could not have been written without direct and indirect assistance from a number of research workers and Research Institutions.

First, I would like to express my deep sense of gratitude to my research project supervisor Dr. B.K. Sharma, Reader, School of Studies in Mathematics, Ravishankar University, Raipur (M.P.), for much encouragement, guidance and friendly relations during the progress of this research project and preparation of this Doctoral Dissertation.

I am specially thankful to Dr. P.L. Sharma, Head, Department of Mathematics and Statistics, Dr. Harri Singh Gour University, Sagar (M.P.), who is nice to me by giving the helpful suggestions whenever needed.

I have no words to express my sincere thanks to, my friend Dr. Yeol Je Cho, Department of Mathematics, College
of Education, Gyeongsang National University, Chinju, Korea, for his kind and valuable suggestions, enquires and encouragement during the progress of entire research work.

My sincere thanks to Dr. Gerald Jungck, Chairman, Department of Mathematics, Peroria, Illinois, U.S.A., for his direct and indirect valuable comments and helpful suggestions during the progress of my research work.

Also, I would like to express my deepest appreciation to Dr. H.K. Pathak, Dr. S.M. Kang, Dr. S.S. Chang, Dr. S. Sessa, Dr. Brian Fisher, Dr. B.E. Rhoades, Dr. Mila Stojakovic, Dr. Xie Ping Ding, Dr. Charls R. Diminnie, for their helpful comments, suggestions and much encouragement during my research work.

I am also grateful to Mr. Simachal Behra who patiently and carefully typed the manuscript in time.

My last words of affectionate gratitude is reserved for my beloved Late Father, Mother, Brother, Wife and Friends who continually cheered my years of effort at the
project. Also, I am thankful to my sister and brother-in-law for the collection of research papers and mathematical reviews from Rani Durgavati Vishwavidyalaya, Jabalpur.

( P.P. MURTHY )
