ACKNOWLEDGEMENT

I am grateful to Prof. Rangaswamy, my guide and mentor who taught me more than I hoped to learn without whose support this research work would not have been possible. This work has been a product of his patience and endurance. He has inspired me to be a better researcher and also a better person. He understood my problems and helped me to succeed inspite of them. My success is and will be a reflection of his outstanding abilities as a teacher. Nothing short of this will be adequate to express my gratitude to him.

I offer my profound respect, indebtedness and sincere thanks to Dr. A. S. Bawa, Scientist ‘G’ and Director of Defence Food Research Laboratory, Mysore for permitting me to carryout the present work in Food Engineering and Packaging Division of the laboratory.

I extend my sincere thanks whole heartedly to the part and present chairman as well as other staff members of Department of Studies in Chemistry, University of Mysore, Mysore for their kind co-operation extended through out my studies.

I extend my sincere thanks to Shri. S. Balasubramanian, Superindent of Central Excise and Customs for helping me in getting virgin oil samples from the extractors.

I wish to acknowledge my deep sense of gratitude to M/s Golden
Refineries Private Limited and to M/s Evergreen Enterprises, Erode, Tamilnadu, India for providing virgin (without the addition of antioxidants) crude sunflower oil and sesame oil respectively. This study would not have been possible without their kind timely help.

I am thankful to Defence Research and Development Organization (DRDO), Ministry of Defence, Government of India for providing me the opportunity to do my doctorial degree.

I am thankful to my friends and colleagues Mr. R.Kumar, Dr. V.A. Sajeevkumar, Mr. Johnsy George, Shri. Mallesha and Shri. Sasikiran, for their constant encouragement and valuable suggestions.

Last but not the least; I thank my wife and daughters for their moral support and prayers. Finally, I thank THE ALMIGHTY for giving me the perseverance to complete this project.

S. NADANASABAPATHI
