Acknowledgements

This thesis is the result of five years of work, whereby I have been accompanied and supported by many people. It is pleasure that I have now the opportunity to express my gratitude for all of them.

First and foremost, I would like to take this opportunity to express my wholehearted gratitude and thanks to my guide, the mentor, Dr. S.M. Aradhya, Scientist, Department of Fruit & Vegetable Technology, Central Food Technological Research Institute, Mysore, for his exemplary guidance and for giving me the chance to learn and challenge the new things and to do things differently. I owe him lots of gratitude for having shown to perform and excel amidst all odds. He could not even realize how much I have learned from him. His company and assurance at the time of crisis would be remembered lifelong. Besides of being an excellent supervisor, he was as close as a relative and a good friend to me. I am really glad that I have come to get know him in my life.

Special thanks to Dr. S. Rajarathnam, HOD, Department of Fruit & Vegetable Technology, Central Food Technological Research Institute, Mysore, for providing me constant encouragement, interest, co-operation and suggestions. The cooperation I received from other and all faculty members of FVT department is gratefully acknowledged. It is an incontrovertible fact that the help I received from Scientists & other staff of our department, directly or indirectly made my task easier and my stay in the department a happier moment of research career.

With great pleasure I thank Padmashree Dr. V. Prakash, Director, Central Food Technological Research Institute, Mysore, for providing me an opportunity to work in this esteemed institute and also for moral support.

I would like to thank Dr. P.V. Salimath, Head & Scientist Biochemistry and Nutrition Department, for his valuable advice and guidance in carbohydrate biochemistry and encouragement, Dr. Keshava Prakash for his help in carry out irradiation experiments, and Mrs. Revathy Bhaskaran for providing electrophoresis unit, encouragement and support.

I wish to acknowledge and express my thanks to Scientific Staff, Central Instrumentation Facility, Central Food Technological Research Institute, Mysore, for their help in carrying out instrumental analysis.

I sincerely thank Dr. Janardhana, Reader, Prof Shiva Murthy, & Prof. Shivashakara Murthy of department of Botany University of Mysore, for their motivation, encouragement and help in passing UGC-CSIR exam. I also thank all the teaching staff of Department of Botany, University of Mysore.
