ACKNOWLEDGEMENT

The present research work has reached its zenith with the constant help and encouragement from many people. First and foremost with great pleasure and reverence I express my deep sense of gratitude to my supervisor Dr. Shamsher Singh Hooda, Associate Professor, Department of Economics, for his valuable guidance. His supervision and inspiring discussion has left on indelible imprint on my research work. It has been indeed an extreme privilege and one of the most rewarding experiences of life to have been associated with a person of his calibre.

I also express my thanks to the teaching and non-teaching staff members in the University of JJT, for their friendly behaviour.

I record my appreciation for cooperation rendered by Central library staff of M.D.U. Rohtak and NIPFP library of New Delhi. I am also thankful to the officials of Civil Secretariat, Chandigarh & Planning Department, Panchkula for providing me useful secondary data.

I am highly grateful to my seniors for their consistent encouragement and support. I cannot forget to thanks my friends Annu Ghalavat, Nutan Sangwan, Reshma, Seema, Sandhya, pradeep, Nagina and my dear juniors who provided me ample help which I cannot express in my words.

No words can adequately express my gratitude to my family. I am indebted to my father Sh. Rajender Singh Sangwan and my mother Mrs. Darshana Sangwan for showing endless blessing upon me. I am proudly grateful to my sweet husband satender malik, my elder brother Pankaj sangwan, my sweet sister in low Reena Sangwan and my sweet nephew “Shoraya Sangwan” who always provided me emotional strength to cope with the mental stress which I experienced during this period.

Finally, for all I have done, I bow and thank the Almighty “God”, who gives me strength and always remains as a constant support at every stage of my life.
