ACKNOWLEDGEMENT

At foremost I would like to thank the Almighty God for choosing me and giving me this golden chance in my life to do some work for the welfare of the society and supporting me eternally throughout my work.

It gives me great pleasure to express my deep sense of gratitude and obligation to my honourable guide Dr. R. J. Verma, Professor, Department of Zoology, Gujarat University, Ahmedabad, under whose valuable guidance, keen interest, meticulous efforts and constant encouragement, the present assignment came to its successful end.

I am very much indebted and grateful to Dr. M. V. Rao, Professor and Head, Department of Zoology, Gujarat University, Ahmedabad, for providing me the opportunity to pursue with the research and for his kind cooperation and immense support in completing my work.

I am very thankful to Late Dr. (Miss) N. J. Chinoy, Ex-Professor in Zoology Department for all the valuable suggestions, encouragement and interest in my work.

I am sincerely grateful to Dr. M. D. Friesen of the International Agency for Research on Cancer, Lyon, France, for providing samples of pure aflatoxins.

With immense pleasure and gratitude I acknowledge Dr. U. M. Raval, Dr. N. K. Jain, Dr. H. N. Highland, Dr. K. R. Desai, Dr. Divya Chandel, Dr. Linz Buoy George, Dr. Devendra Jhala and Dr. Devkar for enlightening me throughout my research work.

I take this opportunity to present my sincere thanks and affection to all my friends and parents for encouragement and timely help which enabled me in completing this work.

During the study period, there have been many people within and outside the department who have very kindly, directly or indirectly helped me. I am extremely grateful to all of them.

I express my appreciation to Mr. Nambiar for painstaking typing the manuscript with efficiency.

NEETA MATHURIA
