ACKNOWLEDGEMENT

This is the right moment to avail the opportunity to express my indebtedness and thanks to all earlier workers on this subject and all those who have helped me during the course of this research work. Though it is not possible to recollect all but even than, I, very sincerely attempt to do it.

First I would like to express my indebtedness and thanks to 'My Guruji' Prof. M.V.Durge for his supervision and guidance in completing this research work.

I am thankful to Prof. S.K.Babu, Head, Department of Applied Geology for providing all necessary facilities. Apart from this, I feel personally obliged to him for his help and affection that he has bestowed on me.

I wish to extend my appreciation and thanks to Shri V.N.Sant, Chief Geologist, MECL, for granting me permission to work in the Balda Tungsten Deposit Area; Shri A.K.Mukopadhyya, Senior Geologist, G.S.I., for field guidance; Shri Inder Singh, Mines Manager, Balda Tungsten Deposit, MECL, for help received during field study; Shri R.Kohali, Geologist, MECL and Shri V.D.Chande, DORIS, G.S.I., for suggestions and
fruitful information on the subject; Shri A.K. Shrivastava, T.A., I.G.F.R.I., Jhansi and Prof. R. Pratap, Department of Physics, Bombay University for help in analytical work.

My special thanks are also due to Dr. S.N. Pandey, Dr. P.P. Roday, Dr. P.O. Alexander, Dr. L.P. Chourasia, Dr. R.K. Trivedi and Dr. P.K. Kathal, member of staff of parent institute for their help and encouragement that I, experienced, in the different ways in completion of the thesis. I am also thankful to Shri D. Verma (Typist), Shri Y.K. Sharma and Shri G.S. Shukla (Cartographer).

In the last, to my Parents, I could only say that, all that I am and I owe, is due to them. To my relatives, dearest and nearest and friends, for all that they have done in my favour, especially by providing place for peace and harmony around me during time of work and rest, a word of thanks seems to be insufficient as such I can only say they are 'Unforgettable'.

( AJAY KUMAR )
