ACKNOWLEDGEMENT

I proudly acknowledge the management of SRMC & RI, Sri Ramachandra University, Porur, Chennai for allowing me to utilize the resources and rendering the constant support to complete the study.

I express my deep sense of gratitude to my guide and supervisor Prof. N. Sanjeeva Reddy, M.D.DGO Professor & HOD in Obstetrics and Gynecology, Sri Ramachandra Medical College & Research Institute, Sri Ramachandra University for his suggestions and guidance at every stage and throughout the course of the study. I am greatly indebted to him for all the encouragement and unstinted help given by him.

It is my privilege to express my immense respect and gratitude to my Co Guide Dr. B.T. Basavanthappa, M. Sc, PhD, Professor & Principal, Raja Rajeswari College of Nursing, Bangalore for his valuable suggestions, guidance and constant inspiration throughout the progress of this work.

My sense of gratitude and greatfulness to Mrs. Jothi Clara Micheal, Assistant professor, Nursing Program, College of Medicine and Health Sciences, Qaboos University, Sultanate of Oman, Muscat who was my motivator and behind me always from starting to till the end of this work. Though she is in miles away, she makes her presence with her suggestions and guidance.

I am extremely thankful to Dr. Rangasamy, Vice Chancellor (SRU), Dr. K.V. Somasundaram, Dean of Faculties, Registrar and all members of Research Committee for their opinion and guidance.

I am grateful to Prof. P.V. Ramachandran, Chairman Nursing Education, Dr. Rajeswari Vaidyanathan, Principal, College of Nursing and all faculties of College of Nursing for their support throughout.
I also put forth my sincere gratitude to my respected chairman Dr. V.Jeganathan, Billroth College of Nursing, Dr.Narayanaswamy, Dr.Rajesh, Dr.Kalpana and other members who helped me in completing this.

I am most grateful to Dr. Sathya sekaran, Professor & HOD , Department of community medicine, SRMC & RI (SRU) the one who excelling with his expertise research suggestions.

With sense of profound gratitude and indeptness I wise to extend my thanks to all the research experts who validated my tool, Dr.Jeya Jabmunathan, Research Director, College Of Nursing, University of Wisconsin, Oskosh, U.S.A., Dr.Amalraj, Dr. Porsevan, Dr.Venkatesan, Dr.Sulochana Krishnan, Prof.Deenama Koshi and all others.

I feel highly obliged to Dr.Amalraj and his family who were really rendering the all help while neglecting all their comforts and enlightening guidance.

I acknowledge Mrs.P.Premalatha, Vice Principal and Faculty of Billroth College of Nursing who were helping with allocating and adjusting their valuable time and efforts to enable me to complete a study without that it would have been impossible to accomplish the work.

I pay my heartfelt thanks to SRMC Librarian and other staff. Gratitude is extended to all friends and colleagues who helped me., Mrs.Jecintha and Mrs.Sundari ANM of antenatal OPD who helped me in sample selection and followup. It would not have been possible to complete this uphill task without them.

I am so grateful to MR. B.kumaran,M.A.,M.phil.,B.Ed., Professor in English for his time contribution and dedication towards the editing of this thesis work.

To my Husband Mr.A.Rajkumar, he is the man who was with lot of emotional, moral support, being very patient, co-operative and unlimited concern. I shall ever remain grateful to him.
To my son R.K. Arunselvan and my Daughter R. Tejashwarya who were spurred me to try and understand the complexity of science and cheerfully accepted me in spite of the fact that I could not share them every waking moment. I shall forever be grateful.

I am very grateful to my mother C. Kuruthammal and my In-Laws Mr. Anandharaj and Mrs. Padmavathy for their abundant support.

I dedicate this work to my father Mr. L. Chandra Sekaran, who is blessing me from the Heaven.

I woe my special thanks to all my brothers, sisters, and in laws who were helping me to complete it.

At the very outset, I pay my obeisance to “The Al mighty” for his light and omniscience without which no human achievement is possible.
