ACKNOWLEDGEMENTS

With deep sense of gratitude and reverence, I wish to express my sincere thanks to my supervisors Dr. A K Sharma and Dr. H R Sharma for their guidance, encouragement, help and useful suggestions throughout. Their untiring and painstaking efforts, methodical approach and individual help made it possible for me to complete this work in time. I consider myself very fortunate for having been associated with such scholars of the subject.

Thanks are due to Prof. R K Singh, Director, TITS, Bhiwani for his constant encouragement, valuable suggestions and moral support.

To Dr. Sudhir Batra, my debt is of an entirely different order. Batra helped me in reviewing various drafts of the thesis. Although it is not possible to name individually, I cannot forget my well wishers at TITS, Bhiwani, especially Prof. C L Mittal, Dr D K Madan, Sh Abhishek Chandruka, Sh Manoj Duhan, Sh R Uthirajan, Sh Vinod Kiroriwal and Ms Alka Sharma for their persistent support and co-operation.

Finally, I thank my students, friends and all others who have in one way or the other helped me during my research work.
