ACKNOWLEDGEMENT

ਅਕੜਾਅ ਬੀਬੀ ਕੀਦੁ ਤੇ ਚੇਹ ਕੀਦੁ ਵਾਣੀ ਜੰਦ੆ ਕੀਦੁ ਸਧੀਆ

*By ourselves, we cannot do anything at all. As it pleases the Lord, He preserves us.*

-GURU GRANTH SAHIB JI

I accord my recondite gratitude to the Almighty God, whose grace enabled me to achieve the chosen ambition and for whatever I am today.

The most pleasant part of work is the opportunity to express my gratitude to Dr. N.K Ralhan, Professor and Dean Post Graduate Studies, Akal School of Chemistry (ASC) and Dr. K.C. Verma, Associate Professor, Akal School of Physics, Eternal University, Baru Sahib for being my guide and co guide under whose constant supervision, able guidance, concrete suggestions, constructive criticism and sustained encouragement this work was planned and successfully completed. I owe a deep sense of gratitude to them for their untiring efforts at each and every step.

I am thankful to Dr. M.P Singh for making, mentoring and motivating me realize my aim in life. I would have been handicapped without his valuable guidance of Spirituality and Worldly wisdom. Surely, I feel like an ordinary speck of dust without his inspirations. Also I am thankful to the SMS family for their support in odd and difficult times without their help this achievement would not have been possible.

I express my thanks to Dr. H.S Dhaliwal, Professor Emeritus and Vice Chancellor Eternal University, Baru Sahib for providing me the adequate laboratory facilities, valuable suggestions and help from time to time. I express my heartiest gratitude to Dr. Manmohan Singh Atwal, Professor and founder Vice Chancellor Eternal University, Baru Sahib for providing me the opportunity to teach and research. I pray for his well-being and longer life.

This Thesis would be incomplete without expressing thanks and gratitude to Baba Iqbal Singh, Honourable Chancellor, an old man with a vision to educate and empower the low and have not’s. It was a privilege and a lifetime opportunity earned with the Lords grace to complete the research work under the aegis of honourable Baba ji. I wish he continues with his holy and pious mission.
I am thankful to Dr. R.K.Kotnala (Chief Scientist –NPL) for providing adequate lab facilities and at time much needed guidance and support. I would also like to thank and appreciate the contributions, suggestions of Dr. M.P.S Chandrawat, Dr. Karan Singh, Dr. Vishal Arora, Dr. Vinod Sangwan, Dr. H.N.Sheikh (University of Jammu), Ms. Jyoti Shah (NPL), Ms. Jasneet Kour and other colleagues and students.

No words can suffice my feelings of gratitude towards my father S. Capt. Pritam Singh and mother Sdn. Jatinder Kaur for their unconditional love and motivation which remained the driving force during the entire period of my study. I can never forget to thanks my wife Ms. Gagandeep Kaur and my son Kunwar Shahbaaz Singh for the support, love care and affection. I still owe them the valuable period of my life which was entirely theirs, but got entangled in the struggles of my life. I promise them manifolds love and memorable moments in life.

I extend my deepest gratitude to my Brother, Sister and their families. I am also grateful to my in laws, S. Gurcharan Singh and Sdn. Kuldeep Kour, brothers and sisters and their families for supporting me and being part of my life during this learning phase. I am also thankful to Mr. Jitender, Mrs. Renu, MSc Students for their cooperation and help in Chemistry Lab. My completion of this project could not have been accomplished without the support of my friends Manpreet Singh, Manmeet Singh, Harpreet Singh, Satwant Singh, Bhupinder Singh Mann (Mr. Help), Gurmeet Singh, Amandeep Singh Mann, Sukhbir Singh, Arminder Singh (Bhuchangee) and Jasmeet Singh (for delicious paneer bhurji) gave me encouragement for keeping up with the task--thank you all for wonderful, light and stress relieving moments during hectic and tight schedules.

Being a nature lover, I would like to thanks the flora and fauna of the divine valley of peace and the inherent spiritual bliss that never let me down and gave a transcendent energy that enabled me see success and satisfaction in the yonder, even when the times were turbulent and situations were testing.

Deep in my heart, I appreciate the help of my friends, foes and some names which I might miss, whose support and criticism help me improve and build my bones stronger. All may not be mentioned, but none is forgotten. The memories of this adventurous ordeal will always stay alive and be a source of inspiration for me and my family.

Sukhdeep Singh
